# AERIAL Photographs

The Taranaki Regional Council has colour aerial photographs of the whole region for its own use. The orthorectified photographs were taken during the 2006/2007 summer and are available for non-commercial use where the required conditions are met.

Please note:

 **Council clients** working with the Taranaki Regional Council on Council business will be provided with all related aerial photographs free of charge.

 The Taranaki Regional Council can provide photographs of the **whole region** except for New Plymouth district urban areas.

For photographs of the New Plymouth district urban areas, contact the New Plymouth District Council customer help desk  
Ph: 06 759 6060.

Aerial photographs will be supplied by the Taranaki Regional Council for:

-  **Non-commercial use**, such as a farm photograph for planning riparian planting or forestry blocks.
-  **Research and educational purposes.** Photographs are generally supplied free of charge for these purposes. Applications will be considered on a case by case basis and decisions whether or not to waive charges will be made according to the number of photographs requested and their intended use.
