The deposit amount is required when an application is submitted and is an **initial deposit** towards the final cost of processing the application. Processing of the application will begin when the deposit is received. Purchase orders are not acceptable as payment for the deposit.

The final cost of processing is based on actual and reasonable staff time and expenses incurred during the processing of the application. **Interim invoices will be issued if the additional costs incurred rise above \$3,000.00 plus GST. A final invoice will then be issued after processing is completed.**

Where there is more than one consent required for the same proposal, an initial deposit is required for each consent applied for (non-notified applications).

If the consent is notified, a larger deposit will be required. We will advise if the application is to be notified.

Withdrawn applications will incur the cost for work done up to the date of withdrawal.

The coastal marine area is the area from the outer limit of the territorial sea (12 nautical miles) to the line of mean high-water springs. For activities at river mouths, contact the Consents team at consents@trc.govt.nz for clarification.

Let us know if your application includes trade secrets and/or commercially or culturally sensitive material. Section 42 of the RMA enables protection of sensitive information.

Schedule 4 of the RMA sets out the information you must provide. If insufficient information is provided, we may put the application on hold or return it as incomplete.

Identify every consent required for the proposal. We may put the application on hold until you apply for all resource consents required (s91 of the RMA).

If we request further information (s92 of the RMA), the application will be put on hold and processing will not restart until all information is received.

An application does not need to be publicly notified if the environmental effects are minor and written approval has been obtained from everyone adversely affected by the granting of the consent (s95D and s95B of the RMA). Written approval forms are on our website: [TRC Non-notified approval form](#)

We may review any consent at any time if the application contains inaccuracies that materially influence the decision made (s128(1)(c) of the RMA) at the cost of the consent holder.

All collection costs incurred in the recovery of a debt will be added to the invoice amount due. Overdue invoices will incur an interest charge of 12% per annum.

Details of Council's charging policy are in its 2025/2026 Annual Plan, which can be found here: [2025-2026 Annual Plan](#)

Ongoing responsibilities

If you wish to cancel (surrender) your consent, transfer responsibilities to another party or make changes to your consented activity before it expires, you must submit notice to us in writing or make an application to change your consent.
