

Taranaki Regional Council  
North Taranaki Constituency  
Electing 2 Regional Councillors

---

**Chris WILKES**

My principal place of residence is not in the North Taranaki Constituency area.

I reside literally 1km over the electoral boundary down the coast but am born and raised in the North Ward.

I believe we must change our approach to natural resources in Taranaki to ensure the region's prosperity into the future.

We must adopt better, more sustainable, ways to secure the wealth of the region while protecting the ecosystem we all depend on.

We need TRC to place a higher value on the health of our rivers, land and sea, as these are the things that will inevitably sustain us for generations to come.

We must ensure more is done to benefit the health of our waterways and ocean.

We need a council that is committed to prepare for the effects of climate change.

I would be honored to serve you on Regional Council.
