

Taranaki Regional Council New Plymouth Constituency Electing 5 Regional Councillors

David LEAN

My principal place of residence is in the New Plymouth Constituency area. I am also standing for Taranaki District Health Board.

Am the current TRC Deputy Chairman with experience and the proven ability and record of tackling Taranaki's hardest environmental

challenges. That is my promise and commitment to you over the next three years. I am also Chairman of the TRC Executive, Audit and Risk Committee.

The environment and natural resources are Taranaki's greatest asset and require careful stewardship for current and future generations. Regional Refuse remains our greatest existing challenge and simply dumping our future waste at Marton - in someone else's backyard is not very clever thinking, at all, in my book.

I have the experience and enthusiasm required for this position and welcome the change to work to make Taranaki an even better place to live.
