

Remediation NZ Hearing

Minute #2

Decision Timeframe

We indicated in our Minute of 28 April 2021 that our intention was to issue the decision by 19 May 2021. However, we have been unable meet that target date.

Therefore, in accordance section 37A of the Resource Management Act, the time limit specified giving notice of a hearing decision is extended for 5 working days. Notice of the decision will now be given on or before **26 May 2021**.

In extending this time limit we note that:

- special circumstances apply, being special circumstances existing by reason of the complexity of the matter; and
- we have taken into account the matters list in section 37A(1) RMA, i.e. the interests of affected persons, the interests of the community and our duty to avoid unreasonable delay.

A handwritten signature in blue ink, appearing to read 'Michael Joyce'.
