1	James Aitken	NP S ST O	1 2 3 4 5 6 7 8 0	T IN	I want to let you know of my support for the idea of rebuilding New Plymouth's main rugby stadium, Yarrow Stadium, on the the New Plymouth Raceway races were moved to the Te Kapua Park Race Course in Stratford it would open the opportunity to complex. This complex could have a main modern stadium centrepiece with a capacity of around 25,000 that has a roof, may and courts surrounding it to support grassroots and some more social tournaments of Rugby, Football (Soccer), Hockey, Netb
2	Logan Silson	1	1		I want to let you know of my support for the idea of rebuilding New Plymouth's main rugby stadium, Yarrow Stadium, on the standing. If the New Plymouth Race Course events were moved to either Te Kapua Park Race Course in Stratford or the Hawe New Plymouth Race Course into a fantastic multisport complex while also giving more racing events to either Stratford or Hawe New Plymouth Race Course into a fantastic multisport complex while also giving more racing events to either Stratford or Hawe New Plymouth Race Course into a fantastic multisport complex while also giving more racing events to either Stratford or Hawe New Plymouth Community of faround 15,000 that can be expanded to over 20,000 for larger events that could host all Football codes and it to support grassroots and some social tournaments of Rugby, Football (Soccer), Hockey, Netball, Cricket, Tennis and many Plymouth Community would benefit hugely from an all in one sports multiplex in a centralised location. There is the option o grounds in one place and room to develop more such as indoor squash, badminton, and a full-sized pool. This would all be ac for the various sports. By having so many people in one location there are opportunities for businesses to set up food stalls a economy in Taranaki along with events for everyone to enjoy. The New Plymouth Raceway and existing buildings are on a hu from, this would help fix that enormously by having a world class stadium for a city of our size that can host multiple sports a people/dogs to play in with the option of weekend markets hosted in a prime area. The stadium being built here will be dista sports and events going on at night which is a big bonus. There will also be room for parking to support the stadium and com Yarrow Stadium is located now. With Yarrow Stadium needing at least both stands repaired to return it back to a fully workin Plymouth, I think that we should consider fixing just one of the stands for a lower price so the TRFU can play games out of Ya help keep costs down and to not bankru
3	Abbey Silson	1	1		I want to let you know of my support for the idea of rebuilding New Plymouth's main rugby stadium, Yarrow Stadium, on the the New Plymouth Raceway races were moved to the Te Kapua Park Race Course in Stratford it would open the opportunity complex. This complex could have a main modern stadium centrepiece with a capacity of around 25,000 that has a roof, may and courts surrounding it to support grassroots and some more social tournaments of Rugby, Football (Soccer), Hockey, Net
4	Peter Hodkinson	1	1		I believe insufficient emphasis has been made on the following items - which may result in further capital costs in the near fu option choice if they were properly rationalised as part of the investigations. 1. Traffic and parking impact - may affect design of stadium. 3. Response to terrorist/fire/earthquake/volcano/disaster - may affect design of stadium. 4. Each option should h should be considered e.g. has any thought gone into a park-and-ride system with a turn-around spot for buses?. 6. Future-pri legislation or ideologies – so as to ensure that future stadium evacuations, or traffic plans are allowed for in current design. 7 with (example) Everton or Liverpool football clubs – who have stadia in housing areas - and likely have robust procedures and consider consulting with golf's The Open event organisers.
5	Mitchell Graham	1	1	-	Create a playing surface that will suit the requirements of International cricket as well as winter codes. Sports all year round. imagine Yarrow Oval, just like Hagley Oval or University Oval. Include a cricket pavilion in the renovation.
6	Will Johnston	1	1	1	It has been a sad 2018 for Taranaki sport all due to the stadium-woes. However, the TRC has an opportunity to get Yarrow St. an ideal idea and will ensure that the character of the stadium isn't compromised, but at the same time expands the facility t #4 is a perfect replacement to expand the facility. We cannot lose sight about what Yarrow Stadium brings to the region. Opt being given All Black fixtures and other major events higher than provincial level. #1, is the cheapest option, but not appropri Option 4 would ensure that it is still possible to achieve that, while also accommodating to the market outside of sport with e funding would be required for Option 4, hence why I could settle with Option 2 that won't compromise the stadium. Yarrow St the country, so let's not forget what it was like. We have an opportunity to have a say and an opportunity to make Yarrow Sta
7	Lee Hurley	1	1		There is no option for removal without replacement. South Taranaki council are being asked to support this, but here in Man was used by our locals and kids who will not travel to New Plymouth but you want us to pay for your facility. Yarrows stadium million dollar businesses, they have million dollar sponsors, They should be good enough businessmen and women to fund th from everyone probably more than 50% will not use, If they cannot manage to manage their funds they should never be in a as Len Lye gallery, What they worry about is if prices go up they know attendances will fall, which should be an indication tha more , but will attend if it is subsidised by others. Unemployed people, pensioners. Low income workers, cannot afford to tragoes on there, so they are asking us to subsidise those who do use it and can afford at present rates to use it. This should never
8	Ross Calgher	1	1		We have as ratepayers already paid in the way of our rates many times for this white elephant now you want to on top of wh millions that were spent not years ago upgrading kitchens etc. just before oh Dear we are not earth quake proof. That have n earthquake test was carried out. This whole stadium has been a disaster from day one. With the rebuild the cyclists had to go

he grounds where the New Plymouth Raceway is currently standing. If ity to transform Pukekura Raceway into a fantastic multisport naybe retractable if it is within reach of budget, and then various fields etball, Tennis and other sports played in New Plymouth and Taranaki.

he grounds where the New Plymouth Race Course is currently wera Race Course, it would open the opportunity to transform the Hawera. This complex could have a main modern stadium centrepiece and if possible Cricket, and then various fields and courts surrounding ny other sports played in New Plymouth and Taranaki. The New of creating a High-Performance Sports NZ base with so many sports across the road from WITT which would be able to develop courses and trucks, even a marketplace on weekends. This would add to the nuge amount of land that we as a community do not benefit enough and events, grassroots sports fields and courts, and a park for stanced from residents so they will not be disturbed by the noise of ommunity sports which would be a large improvement on where king state and this costing \$55m and not being much of a gain for New Yarrows temporarily while the new stadium could be being built to nities and maintaining the grounds will work out much cheaper than ings for the enjoyment of the community. To help fund this endeavour rious other community sports grounds such as the Netball courts ished. Some of the larger businesses in Taranaki such as TSB, Todd f the surrounding sports grounds. The Government, NZRU, and other ould boost NZ as a whole. This image was created in support of the this area. In short this would be an incredible project for Taranaki

he grounds where the New Plymouth Raceway is currently standing. If ty to transform Pukekura Raceway into a fantastic multisport naybe retractable if it is within reach of budget, and then various fields etball, Tennis and other sports played in New Plymouth and Taranaki.

future (irrespective of option). These items may also have affected ign of stadium. 2. Stadium Evacuation Procedure - may affect design d have a Traffic Management Plan for events. 5. Generally, parking -proof your stadium design - check with Government on forthcoming n. 7. If you do put effort into traffic/parking etc. - consider consulting and policies. 8. If you do put effort into a park-and-ride system -

nd. Grass banks for viewing the matches are a great family occasion,

Stadium back to how we all knew it, with some expansion. Option 4 is by to make it even better. While Option 2 would be my second option, Option 1 is a massive step backwards for a province which feeds off opriate for what our region aims to achieve in the sporting world. The expanded areas behind the East Stand. I understand that extra we Stadium was named in the top three of the best rugby stadium's in Stadium brilliant again!

lanaia they have closed our sports facility and it will not reopen, that ium is used by professional sports groups like NZRFU etc., they are d their own sports without coming to towns 100km away to get money n a position where they manage finance at all. Users should pay same that even those who use the stadium are not so committed as to pay travel to make use of the stadium, even if they had an interest in what never have even been considered. Vote NO

what we are paying to fix the disgusting work that has been done, the e not been used???/. That upgrade should not have been done till the go [good on them they built their own set up]. We would have

						crickets there/oh dear it's too small for cricket. A multi sports stadium yea right it for Rugby let the rugby union build it not the follow rugby or cricket or bike racing there or other sports that need help here. Road being closed for Motorsport are horren pensioner where do I find the extra money to pay for this? In a few years it will need more money spent on it and here we g up your mind and this is only lip service to say we have consulted with the community.
9	Alan Brasell	1		1		No comments.
10	Leon Bell	1		1		Let's think of the future and be prepared to expand. Attract more International Rugby games. Perhaps cricket. More sport ever completed so let's not do the same here with the stadium. Yes it is a lot of money. At \$271,000,000 now but in 10 years it wil
11	Shirley Paul	1		1		Enough money has been spent and then wasted on the stands so just demolish stands. Our rates are getting expensive enoug
12	Deane Whitmore, Tse Taranaki & Associates Ltd	1		1		There are enough facilities around the province to distribute the rugby viewing population which is on the decline due to beth sports telecasts.
13	Peter Marks		1	1		Charging ratepayers an extra 50.00 is a bit steep there's a lot of ratepayers that won't be able to afford it and I shouldn't have
14	Barry Upson	1		1		I ask whether the option of selling Yarrow Stadium (redevelop into residential), move New Plymouth RC to Egmont RC (Hawer been considered. Such a project would: 1. Provide funding towards the project from the sale of Yarrow Stadium. 2. Create m racetrack pending closure. 4. Create a sports complex with ample joint facilities and parking and cater for big rugby and cricke
15	Allan Gordge	1		1		Should make the effort to do upgrades within reason! Option 2 should be the minimum requirement and NOT go backwards
16	Martin Kidby	1		1		The main reason I have voted no2, is that it will mainly be used for Taranaki rugby, the stands will never be full, so why add m then what happens to the bowl, best outdoor venue in the north island, shame to see that not used.
17	Paul Garvin	1		1		It would be nice to have a roof but option 4 is the best & most common-sense approach. Do it now as it will never be cheaper
18	Dr Stuart Jeanne Bramhall	1		1		Owing to major transition expected in energy and dairy industry, there are much higher priorities for ratepayers hard earned
19	Paul Woodgate	1		1		This proposed (targeted)rates rise is looming at a time when more demands are about to be made on ratepayers, one of which have held the rate increase this year to 3.8%, citing , amongst other things, families under financial stress. That is appreciated. PLEASE consider those in the community who are older and/or on a fixed income. Regional and District Councils have a respo
20	David & Serena Loake	1		1		
21	Nita Richardson	1		1		
22	John Craig		1	1		Totally unnecessary to do a massive job, and at such a big cost to ratepayers, especially in Stratford and South Taranaki distric
23	Kevin Barriball	1		1		None of the above. You say there's no material damage so what are we fixing for \$55 million dollars? Demolish the East Stand Western Stand so what's to fix. Cover the rest of the terraces and upgrade the seating. You now have a ground that keeps per for International cricket.
24	David Bird	1		1		The addition to East stand will be hugely beneficial for a variety of events and worth extra investment.
25	Karen Martin	1		1		This option will pay for itself in the future and will attract many more artists for concerts, which will also provide revenue to lo
26	Barbara Hammonds	1		1		I had to choose one but really my preference is none of the above. I think the option suggested by Tony Bedford should be ex stand.
27	Dave Huzziff	1		1		Remove the roofs and leave the stands there.
28	R J O'Halloran	1		1		The current and projected numbers of spectators in my view do not justify the necessity for two covered stands or a targeted the East stand be repaired.
29	Richard Woodd	1		1		The TRC's support for Option 2 involves a major leap of faith because the BERL report does not analyse the past use and does "In future, Taranaki can expect that the Present Value to them of the future stream of value shall be considerably larger than repaired Yarrow Stadium will last considerably longer than 15 years, and will provide a higher level of service and amenities ir important to summarise the past use in terms of types of use and the numbers attending, and show not averages but actual, reasons why. Also, what is the potential for an increased range of uses, such as perhaps cricket and concerts. Rugby is held up have declined in frequency, as have the attendances. BERL does note however that the benefits of the stadium cannot be mo Plymouth's and Taranaki's attraction to people and businesses if Yarrow Stadium was not repaired or replaced." I am not anti

		NP	S ST O	1	2 3 4 5 6 7 8 0	Y N	
30	Graham Bolam	1			1		Upgrade to option 4 only if external funding secured. Support Tony Bedford's views on developing multi-purpose venue, not play grounds added. There should be minimal ratepayer's funding.
31	S Bolam	1			1		Bearing in mind that the Chiefs franchise is reluctant to give any games to NP and the All Blacks are getting extra busy with o population in NP major events will be limited.
32	Anne Julian	1			1		I would prefer to see more joint interaction between netball, rugby and other sports, centralised location. But of these optio events here.
33	D & M Tippett		1		1		
34	Michael Hills		1	1			I have chosen option 1 simply because of cost. We suffer a staggering year on year cost of rate increases everywhere in Tara might add, just what is supposed to cover the cost of living) may cover part of the local rate increase. This is the same for mo are unbelievable. Each amount is greater than gross pay increase I have had in total over the last 3 years. Why should I, and a the other options for a town that I don't live in, for a stadium I have never visited in countless years. In no circumstances at a have seen the impact the ever growing use of these at other venues, and it just drives away genuine fans.
35	Lee Balsom	1		1			Hi, I WISH FOR NONE OF The ABOVE. Demolish the western stand. Make the field larger for cricket. All sports must be played of the players don't come from Taranaki they follow a money trail around NZ. Also how was the figure 55 million reached and netball no cycling no nothing. Thank you.
36	David Ballard		1	1			To impose a substantial rate rise on residents of Patea & other outlying areas when the likelihood of those residents travelin limited facility is unacceptable.
37	Andy Ralphs	1			1		I hate the degree to which we subsidise rugby, but this seems the most sensible option - I would be totally against any optior funded/owned organisation.
38	Dave & Carol Wischnowsky	1			1		While all the options except option 1 costing \$6 million are extremely expensive, We feel that option 4 costing \$69 million is partner. While a covered stadium is nice to have, it is totally unaffordable for Taranaki and I would not like to see such a bur to cost far more.
39	Brian and Colleen Holdt	1			1		In our opinion, this would be the sensible option in today's economic climate and in all realization more cost effective for fan
40	Neil Hodges	1		1			All the above options are of the same theme. "Status Quo" or improve. The stadium was redeveloped not so many years ago "discovered" that the field dimensions ruled out all but Rugby, the only sport played on the field just 5 times last year and th so the foundations could support the stands? The western stand have it roof removed. The Eastern stand have it roof and pe poncho from recycled bale wrap. To allocate \$55m to Rugby that is a declining sport is misguided. How much is the council g
41	Robyn Corbin		1	1			As a resident and therefore ratepayer of Patea, I feel the imposition of a substantial increase to my rates to fund a facility 10 visit is unfair to say the very least.
42	Federated Farmers		1		1		Taranaki Federated Farmers appreciates the opportunity to submit on the draft Annual Plan. As the consultation this year is a Usually, we are deeply wary at the prospect of Councils taking on large debt and signing ratepayers up for repayments over of can realistically benefit from some city-based events and tourism infrastructure. In this case, we respect that the Council has reverting back to terraces; we note that the preferred option has a good cost-benefit. We also appreciate that the cost to rate independent analysis of the benefits to people living in those districts. Another factor is that the cost is a fixed one per ratepay the calculation for North Taranaki ratepayers. For these reasons, we support the Council's preferred option (Option 2) for the support the proposal to take part in the Local Government Funding Agency Scheme, to reduce borrowing costs.
43	Tom Stephens	1			1	<u></u>	Many thanks for giving us people of Taranaki the chance and opportunity to choose from the 8 options given for Yarrow Stac grounds which was known as Rugby Park. While playing junior grade rugby which is equivalent to senior second division grad Senior Maori Rugby Team as lock plus being lucky enough to play in the Maori rugby trials which were always held at Okaiaw for my optional choice. It took me some time to look at all the 8 options given before finally making my choice which is optio or 3 be chosen, work must start immediately as the quicker it can get started the quicker Yarrow Stadium can be available. O international rugby which also includes rugby league and soccer representing both men and women in all three sporting cod all international cricket tests, 50 and twenty/20 in which it should have been in the very first place, as we're literally missing o shouldn't have to travel outside our province to see international cricket, both men and women. Once our stadium is nearly rugby league and soccer actually here into Taranaki, they must then contact these sporting organisations mentioned before to use our new upgraded sporting venue while remembering both rugby and rugby league is played in the winter while socce summer time. So I do hope this letter will help you and your council to really think about what I've said. We have no problem all as well, we all do I know but now it's up to the public relations person in charge of getting international sport back into Ta members, everyone's' families, friends and relations all in good health.
	David	1			1		l

45	Dillon O'Sullivan	NP	S ST	0	1	2	3 4	5	6	7	8 0	Y	N	Progress needs to be now so repairs can start at the end of the rugby season and the park is ready for 2019. TSB stand first. Taranaki. If you cannot start the repairs by August 2019 you must stop charging ratepayers. My rates are not allowing me to and get nothing in return.
46	Pamela McCarroll	1				1								After reading information received on the future Yarrow Stadium. I have come up with the following .* Repair the East stand usually shows that building always take longer to erect and cost more. So the sooner work is under the way the better. *Atter reasonable. Think of a free day or bargain prices for early buyers. * Look at trying to utilize the facilities more not only the bui etc. Could be a chance of extra income. *Look how Tim Shadbolt turned Invercargill around. Think outside the square and ma project will be watching with great interest. Regards Pamela McCarroll
47	Flo Blyde	1					1					1		This is a good facility bringing great events into the region. I would like to see this remain.
48	Malcolm Greig	1									1	1		Build an all-weather multi-use international quality sports and entertainment facility at the NP race course site. Financing the Shift horse racing to Hawera. Integrate the new facility with the Bowl of Brooklands and Pukekura Park. All facilities would the accommodations. Only the most courageous, strongest, determined and most visionary of leadership would overcome the ir from a hundred plus Fitzroy golfers, another few hundred NP racing people and other self interest groups focused on their cu good of providing for future generations of many, many thousands of our citizens.
49	John Major Disability Information Centre	1				1								If the East Stand is to be altered, the accessible seating, could they be installed in a less exposed area as when it rains from th
50	Emma Salmon	1				1						1		We need a multi sports facility as our current one is outdated. More people play other sports than rugby in Taranaki so it would stadium to only house rugby. Council rejected a proposed update of TSB stadium recently & yet are willing to spend more more some future proofing now for the sports facilities in New Plymouth.
51	Hayley Walls	1			1									The cost to the public for options 2-8 is too large for a single use facility that is used a handful of times a year for predominan multiuse sports facility that could be used by a much larger portion of the Taranaki population. In particular the New Plymout basketball, netball, volleyball, Futsal. All of these sports are growing in Taranaki while the number of junior Rugby players is re-
52	Robert Lord	1					1							-
53	Paul Lobb	1				1								No option above for what I would prefer. I would like another option of demolish west stand and replace with open seating. F
54	Jim Duff	1					1							I support the strengthening of the stadium although I don't believe there's anything wrong with it just over zealous engineers apply to the" Provincial Growth fund ". At least 50% of the cost should be applied for I think this is the perfect fit for this fund once. The strongest case possible must be put up and then rate payers maybe pay and bank roll the project after that. This st going there for 60 years right back to the late 50s shield era.
55	Vodafone Warriors			1		1								I can confirm the Vodafone Warriors would always be interested in travelling to New Plymouth and other regions around New so. We need it to be financially robust enough for us to do so, and for this to happen we need to generate a gate of approxin the stadium with appropriate corporate space I can confirm there would be interest. Hopefully this assists with the decision
56	Nitro Circus			1		1								On behalf of any future Nitro Circus Live tours or other events we plan on bringing to NZ, we would definitely consider holdin and I look forward to seeing the end result.
57	Milton Alfred William Griffin		1		1									I object to paying AGAIN for Yarrow Stadium. If New Plymouth people want the Stands replaced they should, 1. Hold account time (only 17 years ago.). 2. Find Sponsors to cover much of the cost. 3. Have New Plymouth Council residents cover the rest towards the Hub in Hawera).
58	Grant Boyde		1		1									There is no option for only having one stand, the \$58.65 [in gst] for the 4515 Stratford rate payers comes to \$264,804 a year Council control it so as in the past it has been a underutilized standard asset. What measures would be put in place so it is fur ratepayers that 6 million dollars would be better going into our own towns assets that would also support the whole of Taran should be explored.
59	Taranaki Rugby Football Union Inc			1		1								Taranaki Rugby Football Union (TRFU) takes this opportunity to thank the Taranaki Stadium Trust (TST) and the Taranaki Region regional events centre to the public of the Taranaki region since 2003 through to December 2017. During this time the TRFU venues in New Zealand and an iconic stadium throughout the world. Over this 15-year period, a Berl report completed in Oct region of the Yarrow Stadium Regional facility was \$100M. Events at this regional facility over the same period have attracted \$55M added to Taranaki GDP. There is no argument that the Taranaki region needs a Regional Facility for a multitude of purp Stadium the jewel in the provinces' crown, provides a sense of pride to our region where the above noted economic value is to the earthquake prone issues with the east and west stands at the venue which have deemed the facility unfit to host signif We have lost our ability to bring major events to Taranaki and to our 118,000 people. We require a collective 'Team Taranaki' reinstate the facility back to previous capacity as a minimum to continue to attract these key public occasions. The TRFU than providing option two where they are proposing to repair both stands and update facilities which the TRFU fully supports. The stands, additional seating and community facilities that will provide the region with a true national convention centre if the e 134th year of existence being the sixth oldest province in New Zealand, a foundation member of NZ Rugby and the sixth high

Taranaki rugb increase in 2018. Participation rates in our region are the highest in the country with a population of 118,000, approximately semi-professional team in the National Provincial Championship. The Yarrows Taranaki Bulls play in the Mitre 10 Cup, the pre Yarrow Stadium. To foster the dream for a young child to play the national game, it is important to have pathways and role m Blacks in 2018 – Beauden, Jordie & Scott Barrett, Waisake Naholo, Te Toiroa Tahuriorangi and Angus Taávao. The Barrett bro we have three brothers growing up in the Pungarehu community, playing for the Coastal Rugby Club, attending Francis Doug It is important that the Yarrows Taranaki Bulls play at a premier regional facility to showcase our talent and inspire our regior 10 Cup final at Yarrow Stadium in front of a sold out 22,000 capacity crowd. This occasion, the sense of pride and achievement our people with a particular focus on our youth. Yarrow Stadium is a significant and important piece of infrastructure that pla back to full capacity for the wellbeing of the province, the better off we will be. Currently there are no other viable options in there is TET Stadium in Inglewood, and the TSB Hub at Hicks Park in Hawera. Both are fantastic community facilities but not a gifted back to the community in 1999 to allow the Yarrow Stadium development. Taranaki Rugby is about lifting the opportur identity for the region and we believe this key iconic asset is critical to our affinity to the province. Yarrow Stadium is the spiri lighting world class. The reinstatement back to capacity with the proposed option two will ensure that the region can continu 10 Cup fixtures a year with the return of Super Rugby matches and All Black tests imminent. The key events over the last fifte Warriors Rugby League ma
													out across New Zealand, Australia, South Africa and the UK alone was to in excess of 1,000,000 viewers. TRFU support option additional funding can be found. The earlier the work begins on Yarrow Stadium to bring this regional facility back to operation
													opportunity to submit on this matter and wish to present in person to our submission at the hearing scheduled for 13/14 Ma
60	Graeme Earl	1				1							However, quite happy with option 4, but without extra seating as I feel the community facilities in New Plymouth/Taranaki ar
61	Claire Johnston	1				1							The sooner the better to get this stadium back to what it was like for the betterment of the region!
62	Ben Messenger	1					1						
63	Richard Clough	1									1		Make the field big enough to have cricket matches as well so New Plymouth can finally get international cricket here.
64	Lindsay Thomson	1						1					In my view the repair of the stands at Yarrow Stadium together with additional facilities if funding eventuates is in the very be desirable place to live, work and raise a family must have a variety of facilities and events which benefits the community. Be is region and attract these events to showcase our region to the wider public. A multipurpose operating Yarrow Stadium capabe infrastructure needed to deliver these, be they All Black test matches, Warriors games, Phoenix games, conventions, exposation underestimated and I urge councillors to ensure the facility is returned and enhanced as soon as possible. Any other decision backwater, which our geographical isolation would only heighten the risks of this. Please don't allow this to happen. Stand up

111	Mark Webb Taranaki Community Rugby Trust	1	1		1			The Taranaki Community Rugby Trust is a registered charity and includes providing funds for junior community rugby in Tara models being the best rugby players in New Zealand and from overseas playing at a national and international recognised rug time to time on the same ground as their heroes provides another incentive and dream. It is important for all young people i option 2 with an upgrade to option 4 if funds are available.
113	John Andrews	1			1			Taranaki needs a world class events stadium otherwise we will become a backwater. The province needs to have major event province we need this stadium. Business needs to money that comes to the province from holding events.
114 115	Joelle Xavier Gaylene Phillips	1		1	1			The option I prefer is to strengthen and repair one of the stands to meet the needs of the rugby union. If a gym is included th other stand should be seating only to keep costs down. To my best knowledge, the facility is mainly intended for use by rugby should result in a facility serving the needs of the many rate payers who play different sports to rugby.
116	Hilary Blackstock	1		1				You haven't given the option to repair one stand and demolish one. I feel that it has very little use, 6 games a year for rugby i capacity, Let's use the money and space for more people, more sports and recreation rather than just 1 sport that currently I Taranaki.
117	Rudi Walter	1		1				Any further work / improvements should be funded by TRC 1/3 share and Users 2/3 share (eg TRFU , NZRUGBY , NZ Football receive a discount for entry to any event held at the stadium equivalent to the percentage of funds supplied by TRC compare
118	Stuart Waite	1			1			The loss of the use of the stands and facilities at Yarrow Stadium has been a disaster for the TRFU, New Plymouth and the wh but can see that this could cause further significant delays in trying to find additional funding. Therefore option 2 is the prefe years and we must ensure that we continue to build on what has been achieved to date. It is vitally important that we restore
119	Brodie Lilley	1				1		
120	Hayden Kilpatrick	1				1		
121	Robin Houghton		1		1			It's not just for today's youth but for generations to come. If we (the people of Taranaki) really worked hard we should go for
122	Portia Smith	1				1	1	
123	Hope Fletcher	1		1				Make it a stadium for multi-purpose. All. Sports. If not able to do this then spend no money at all. If rugby want a stadium the with rugby only.
124	Brian Beer New Plymouth Old Boys' cricket club	1			1			Your options are not specific enough. To be more precise, I think the Yarrow Stadium stands should be repaired to the requir am involved in local club cricket, holding administration positions in the New Plymouth Old Boys' cricket club. I am a life mem available to all sports other than rugby, and believe even less will be available if most of these stadium proposals go ahead. It organisations, rugby gets. I point out that rugby participation rates are falling. The sport itself is concerned. We should not be other young sportsmen and sportswomen in the province who play other sports and struggle for money and facilities. TRC ar Rugby has the highest profile in New Zealand, but many more people play other sports than the number that play rugby. The Taranaki than they are with their own clubs and club competitions. Club sportsmen and sportswomen pay rates and should I do.
125	Rex Hendry	1			1			Any further work/cost should be conditional upon the ground being extended to allow international cricket games - and other of the stadium, so that it becomes financial self-sufficient (including depreciation/maintenance/replacement). It should be no changes should not be replicating other existing inside facilities within New Plymouth/Taranaki.
126	Leah Gubb	1		1				Currently all your showing is support for rugby. And trying to upgrade their facilities. Need to think about sport for all, and storate and doing this is not fixing it. Think about everyone.
127	Matthew Kilsby	1		1			-	Stop thinking rugby and think sport for all! All you have showed so far is your paying for rugby to have a gym and head office
128	Murray Dean	1		1				While I have ticked option 1, I would actually prefer an option you do not offer. That option being to demolish one stand and spend more than necessary on the stadium. Citizens on fixed income are hurting as it is without this extra burden. We have a should be paying for the repair, and if they cannot then it needs to be user pays.
129	Peter Moffitt	1			1		1	Get additional quotes for repair strengthening of both stands. Recommend concrete in below changing rooms and supporte
130	Belinda Sewter	1			1			
131	Joel Williamson Murray				1			
132	Andrews	1				1		Would prefer new stadium on a new site.

		NP	S ST O	1 2	3 4	5	6 7	8 0	Y N	
169	Grant Morris	1			1				-	
170	Jane Gower	1		1						I support an option between 1 and 2 however, not if it jeopardises the future of other sports. I don't believe there is not anot rugby union could fund the other 'nice to haves' themselves. Attendance at rugby matches NZ and worldwide is falling, we should be community sports are restricted in their facilities and turning teams away. We need to grow sport participation in Tara
171	Andrew Thompson	1			1					
172	Laura Campbell	1			1				-	
173	Stefanie Chapman	1		1						I have only ever been to one game at Yarrow Stadium and think \$55m is a lot of money to spend on one sport's stadium. I we toilet/change room facilities to cater for other sports (football, basketball, netball etc) with potentially coin-operated lighting than just rugby games.
174	Danny Chapman	1						1		If we go for a new stadium with a roof it will attract more events to the region. It may be expensive but surely over time will p
175	Christopher Sole	1		1					-	I would prefer option 4 if funding was able to be secured. Returning Yarrow Stadium to full operational standards just as soon facilities have so many more uses than just rugby as well. They are a community asset that has been fought long and hard for that something may happen is such a waste of the past time and effort.
176	Max Murray	1		1						Taranaki Rugby desperately needs to have functioning grandstands to remain viable long term. Option 2, \$55 Million is the pr payer I'm happy to foot the additional costs to ensure Taranaki rugby is sustainable into the future.
177	Stratford Eltham Rugby Sports Club		1	1						To keep rugby alive and to promote bringing the All Blacks to New Plymouth/Taranaki we need Yarrow Stadium to be repaired
178	Brian Phelan	1		1						I find it hard to see the prohibitive cost to do some form of reinstatement.
179	Rex Hawker	1		1						A city the size of New Plymouth must have a workable sports arena. We need this to help all young players achieve their goa of Yarrow Stadium. New Plymouth cannot afford to be without a stadium. For the culture of the city and surrounding district
180	Sharon Bent	1		1					-	
181	Ross Dallas	1		1						The lack of a functional stadium has in one year decimated the once proud performance of our Taranaki Team and the curren unites this province – no other team or sport can do what rugby does to bring both North and South Taranaki together. A ne
182	Nathan James McDonald		1	1					-	We need Yarrows brought back to some status for major events in Taranaki – soccer, Warriors, rugby, All Blacks etc. Without
183	Taranaki Rugby Referees Association		1		1					The Taranaki Rugby Referees Association Executive (TRRA) representing 70 rugby union referees, fully support the upgrade of facility needs an urgent upgrade to provide for a multitude of events, which has the capabilities to provide events essential to Taranaki Rugby Football Union In Its endeavour to form a collective 'Team Taranaki 'approach to have this facility back to its precognised as one of the best of its kind in the country. Other options around the region have not the capacity or the Infrastr facilities that are available. Covered seating to accommodate crowds to over 20;000,plus lighting changing, toilet facilities, mevents that the province brings to the region. The venue Is also situated within the city limits, reasonably close to the New Pl situated. Ground entry Is well positioned with considerable parking within walking distance to the ground and on site as well province requires the immediate commencement of the upgrade to its glorious best. The earlier the work begins on Yarrow S growth of the Taranaki province, the more this great province of ours will prosper In the years ahead.
184	John Bannan	1						1		None of these options should be considered. First, the Council should immediately remove the covered roof from the West S There should be no earthquake risk left (no extra cost to ratepayers). 2 nd Business should be given 12 months to come up wit business got together they would repair the East Stand at a fraction of the quoted price. They are the ones who make money
185	Sue and John Mitchell	1		1						
186	Vernon Cleaver		1	1						
187	Deidre Cleaver		1	1						
188	Darren Coombe	1						1		I personally believe that this is a great chance for The Taranaki District Council to use this as a chance to improve the stadium need to look into the future and see that it will turn out to be a wise and profitable investment. Being that it will be only one events and other forms of entertainment to New Plymouth as it has done so for Dunedin. For the council to overlook this opp out. Where if the Taranaki District Council were to invest in a brand new stadium with a roof it would show that they are truly not only the sport and entertainment sector in Taranaki but also for the locals that would use and enjoy the stadium. Ignoring opportunity to invest in a new stadium with a roof and in the future of sport and entertainment in Taranaki would show that decisions for the region and its people.
189	Alison Hodges	1		1						Too much money to spend on one sport. Would rather have one multi-sport stadium that would be used daily compared with
190	Sarah Emeny	1		1						
191	Robert Gordon	1		1						I have selected option 2. I think the best option is removing Yarrow Stadium and building a new stadium on the land currently

other option around \$30mil which would have the stands and the shouldn't be investing all our money into one sport when so many ranaki, not just focus on one code.

192	Darryl Gaudin	NP 1	S ST O	1 2 3 4 5 6 7 8 0 1	Y N	The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of resider Facility Strategy. Consultation regarding proposed enhancements has not been transparent or community-wide, evidence are not align with the Strategy or the current processes followed by sports for facility development. We support that a repair of s is included in the \$36m is required and what scale of stadium is appropriate for the region now and into the future. We do not for within the existing Asset Management Plan and/or via the Regional Facility Strategy process if sport-related. We feel stron improvements and funding across sports.
193	Gavin & Mary Dey		1	1		We have no objection nor preference for planned upgrading of the Yarrow Stadium as such. However, we do both object strop already funded this facility in the past, we should not have to be doing it a second time. If the original designers were at fault not and do not use this facility. Those who do should be the ones paying, not the ratepayer. This is basically a rugby facility so Other less popular sporting groups pay for their own facilities e.g. motorsport, golf, thoroughbred racing etc. If the rugby frat cloth to suit. (4) Attendance, income and operating cost forecasts for this type of facility are notoriously inaccurate and almost example. (5) There is probably not a single stadium in this country that is self-funding, almost all requiring local government Auckland Council bailout of Eden Park stadium to the tune of \$63 million. Let's be realistic, we can't afford it so it shouldn't p bottomless pit for vanity projects, let alone those outside of our town.
194	Travis Stewart Taranaki Cricket Association Inc		1	1		Taranaki Cricket is committed to upgrading Pukekura Park as the main first class ground in our province. To date TCA has had developers of the proposed renovations to Yarrows to even investigate if cricket was interested in being accommodated. The for cricket and therefore as mentioned above TCA is committed to Pukekura Park as our number one ground. Pukekura Park i host Woman's World Cup matches in 2021. TCA supports some sort of development to Yarrows as TRFU and the province development soccer fixtures.
195	M Jackson	1		1		The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of resider Facility Strategy. Consultation regarding proposed enhancements has not been transparent or community-wide, evidence are not align with the Strategy or the current processes followed by sports for facility development. We do not for within the existing Asset Management Plan and/or via the Regional Facility Strategy process if sport-related. We feel stror improvements and funding across ALL sports." It is time a wider and more long term approach to ALL sports is considered in t rangatahi, crucial to competing on the national sporting circuit.
212	Mike Plant	1			1	I am supportive of some work being necessary and required at Yarrow Stadium however am objecting to the vast amount of a activity. At a time where other sports (hockey, netball, basketball as examples) are experiencing significant growth and press expenditure to encompass the wider number of people. Additional funding needs to be prioritised over both rugby and a fac amount.
213	Peter Clark	1			1	As a ratepayer I am not in favour of the Options which have been put forward. The emphasis should be on not burdening the rethink on this important decision. There is no Option which includes other Sports. It is Paramount that the consideration of c as well as Rugby are considered to make a Sports Complex capable of representing Taranaki and New Plymouth in the Sport A standard in 2018 as they are still relatively new. Question – Were the stands built to a standard suitable for the site in the first the area vacated by that Stand to accommodate other Sports. As finance becomes available. Then work on bring the one Star acceptable to Ratepayers. I think if this sort of approach was taken, there would be a better chance of an agreement by the p

215	Al Dobson	1		1		
216	Peter Walsh	1			1	I think there should be a new multi sports stadium built in the middle of the existing race course area incorporating as many TY Arrows Stadium.
217	Laine Hopkinson	1		1		As a parent and sports fan (44 years young) i think we need to think forward rather than what we think we can afford now. The sporting events such as All Blacks games and we should be thinking further ahead with the potential cost our children could be My concerns are these: If we go with the \$50M odd option it's a band aid fix which i think the community will regret eventual track in what will likely be a more expensive world that we, our children and grandchildren will be living in. The additional \$16 least double when we realise we didn't do enough i would suggest. We need to consider return on investment. In my opinior needing to spend more down the track. Surely that's a sensible investment. I would like to point something else out here. Im aspects of this sport. I'm torn with this because on the one hand we need a decent stadium for Rugby, soccer and League. Ho TSB stadium is inadequate and with the growth in basketball alone we need this remedied. The ideal is to have a multi sports also for corporate hosting etc One suggestion i have is for you to connect with the Aims Games organisers and your connect undertake an event like Aims. The money into the Tauranga community during that week must be huge and having attended with the demand! Yes our friends at the TRFU need a solution - so does Netball, Basketball, Volleyball, Badminton and all the place to do something sustainable for our region's future - not just with one sport (rugby) in mind. Let's be honest they will be well for the future not just sticking a band aid on a cut.
218	Graeme and Kathy James	1		1		DISCLAIMER: I ONLY SUPPORT REPAIR OF THE STANDS FOR \$36M, BUT YOU DIDN'T LET ME TICK THAT BOX ABOVE. The prior sport facilities which enable thousands of residents to be active every week as identified in the Regional Sports Facility Strate transparent or community-wide, evidence around decisions has not been provided, and the enhancements do not align with development. We support that a repair of some scale needs to be undertaken but require more detail of what is included in t the region now and into the future. We do not support the \$19m of enhancements which should be accounted for within the Strategy process if sport-related. We feel strongly that there is a great need for an equitable approach to facility improvement
219	Mel Cook	1		1		For not a lot additional cost, the stadium could fulfil a greater range of uses, option 4 is a good one. Better cost-benefit ratio community with having an equity partner on board.
220	Frederick Cayetano	1			1	We need to spend it on other sports as well. Basketball courts, tennis courts, swimming pools. Rugby is not as big as it used to already spent too much money on the Yarrow Stadium and it has killed tax payers rates. No need for a flash stadium that can suggest rate payers to be free as we partly own them. "The priority for the community and for ratepayer expenditure is commactive every week as identified in the Regional Sports Facility Strategy. Consultation regarding proposed enhancements has nedecisions has not been provided, and the enhancements do not align with the Strategy or the current processes followed by scale needs to be undertaken but require more detail of what is included in the \$36m is required and what scale of stadium is support the \$19m of enhancements which should be accounted for within the existing Asset Management Plan and/or via the strongly that there is a great need for an equitable approach to facility improvements and funding across sports."

266	Jared Hunt	1					1		I'd like a roof.
267	David Collins		1	1					We support Option 2 in the first instance and if money can be found option 4. We believe it's very important for our young p province. There are many who can't afford to travel and would never get to see their heroes and be inspired to try and achie our province's future.
268	Jayne van Praagh	1		1					Whichever is easiest and cheapest. Let's get this moving now. This community need their stadium and nothing has happened
269	Daniel Doyle		1				1		New Stadium & Rahotu.
270	Kendyl Fake		1		1				I have concerns that investment into Yarrow Stadium will limit future opportunities in other sporting codes locally. Whilst a h costs would not deter from other community sporting codes. Update facilities to cover all codes. Sharing the games around T
271	Noel Caskey	1		1					I strongly believe it is absolutely vital for our province economically and socially that we maintain and enhance key facilities li this. Let's ensure our province is seen as progressive, modern and has the ability to promote itself as a great place to live. An option 2, but would prefer option 4 if the necessary private funding is available.
272	Charlotte Robertson	1					1		The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of resider Facility Strategy. Consultation regarding proposed enhancements has not been transparent or community-wide, evidence are not align with the Strategy or the current processes followed by sports for facility development. I support that a repair of son included in the \$36m is required and what scale of stadium is appropriate for the region now and into the future. I do not sup within the existing Asset Management Plan and/or via the Regional Facility Strategy process if sport-related. I feel strongly the improvements and funding across all sports - especially basketball which is outgrowing the facilities that are currently available
273	Nick Siffleet	1					1		Why does it have to cost the rate payer anything? A building which is less than 20 years old should have been designed and to used to design any of the proposed upgrades. Are we going to go through this again in 20 years time? I assume this comes do designing the new stadium and then strengthening it some years later. I don't understand why rate payers should be paying spend tens of millions of dollars to be in a similar or slightly better position as we were before? That's tens of millions of doll the first place. Furthermore, there are other facilities within the region that could better use this money. The stadium may hyear it sits empty. Other more frequently used facilities are also in need of an upgrade and have been asking for it since befor responsible accountable (even if it takes several years - rugby can wait) and put the money towards new developments, not

286	Rachael Harris		1	1		Recognising that we need to pay something toward the regional facility, I am most comfortable with option 2. I am happy to p but I am not comfortable with the amount of other upgrades mentioned or what has been projected for the South Taranaki r that is already paid for by our District Council rates, so I think at the advertised \$51 (which actually turns out is \$58.65 flat tar that our most southern towns of Waitotara, Waverley and Patea get a significant enough economic benefit from the Stadium main hub Hawera sees that sort of benefit. I would suggest that this would be more palatable if you had put up a 'repair only'
287	Brett Harris		1	1		The price you are proposing South Taranaki residents pay is unjustified. It benefits very few and economically it doesn't benefits are proceeded to the jump in rates that you are proceded to concerning. I recognise the need for Taranaki ratepayers to contribute to a regional facility through, let's say, repairing the staren't justified and are exorbitant. Is there a way that you could put a simple 'repair only' option on the table?

288	Bizlink Hawera (Business Association)			1		1		Thank you for the opportunity to provide a submission on the Yarrow Stadium Funding options as part of your Annual Plan 20 than 400 Hawera businesses. Summary of our submission: Bizlink understands that doing nothing is not a viable option and is Stadium. However, Bizlink does not support any of the options in the Consultation Document, and asks the TRC to consider re Bizlink has concerns about the way the repairs of the stands are to be funded. We believe it is unreasonable to impose such a Yarrow Stadium is flawed and detrimental to the ratepayers of South Taranaki. Bizlink acknowledges the regional significance agrees with the need to repair the stands and get the stadium up and running again. We also understand that the cost of rep remaining \$22 million included being for additional upgrades. (including things like new seating, lighting, extra retail/beverag gym, toilets and changing rooms, audio visual upgrades etc). These upgrades may be desirable, but, given the circumstances, agree we should contribute something towards the \$33 million cost for repairing the stands, but do not agree to the \$22 mill new projects totalling \$22 million should have been combined with the repair of the stands and we cannot see the justificatic faced with a \$33 million bill. We do not necessarily object to these new projects going ahead but we do object to our (South generates and will receive little/none of the benefits from these projects, having to fund them. We ask, that if you decide to 0 funding to pay for these additional facilities as stated in Pg 19 of the Yarrow Stadium Strategic Plan 2015-25. We are also cor future funding of other sporting codes and regional assets. We consider the preferred treatment provided to rugby union thr Regional Facilities Strategy. While we accept that South Taranaki ratepayers should make some contribution to the repair of ptor, 3, TRC's stated preferred option, would see an increase of over \$47 per South Taranaki ratepayer (from \$11 to \$58.65 increase in one year. South Taranaki ratepa

298	Kevin & Carolyn Murphy	1		1			Thank-you for the opportunity to provide a submission on Yarrow Stadium. We support Option 2, the Taranaki Regional Court to work with potential co-funding partners with the aim of enabling Option 4 to be exercised. Like I am sure all New Zealande life that resulted from the 2010 & 2011 Christchurch earthquakes. Few however could have predicted the long term impact t building standards were reviewed and substantially modified to reflect and mitigate the enhanced risk we all face in this spec therefore not from an issue of our own making, we need to make Yarrow Stadium is fit for purpose for the standards as we ke both been privileged to live here all our lives and as a result have enjoyed the benefits that this region has to offer. It was and we have been the beneficiaries of the natural beauty and the added infrastructure that surrounds us and so to have our child fortunate to have had numerous visionary leaders, entrepreneurs and philanthropists who together with our communities ha walkways, galleries, and numerous other recreational facilities that make us the envy of other regions with a similar populatic work and play in this region to enjoy the benefits we have, to achieve this we need to continually invest and reinvest in our in for our families of the future. It is disappointing that there is some talk in our community that an investment in the reinstater of significant benefit to Taranaki Rugby but will be of precious little value and may well be to the detriment of other sporting of 'events' at Yarrow Stadium or as it was formally known Rugby Park. These have included, but not limited to, Rugby (School, International) , Rugby League, Cricket, Military Tattoo's, Multi Ethnic Festivals, meetings, Conferences, and other celebratory often topics of conversation when the wider family get together and reminisce. Yarrow Stadium has and will continue to be a we have been given and benefited from by our forefathers but most importantly we must continue to be visionary to take the the repair and upgrade of Yarr
299	Tina Johnson		1		1		The stadium should be user-pays funded i.e. the cost to demolish, renovate etc is added to the ticket prices. It is a commercial should not be propped up by ratepayers. The choice between the 8 options depends on which one is commercially viable through funding a venue in North Taranaki will, therefore, become irrelevant.
300	Analisa Mary Karipa	1			1		"The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of reside Facility Strategy. 301	Russell Cleaver	1		1			In my view no money should be spent on Yarrow Stadium repairs or redevelopment at this stage. However, the only way to complete the the option that requires the least spend of \$6 million. The TRC need to be far more transpared taking place an independent enquiry should be held to identify, for the ratepayers, exactly what the issues are with each of the responsibility for these problems lie and what legal remedies are available to recover some of the cost of getting these stands the brief paragraph that we are being given presently. Any Council that respects its ratepayers this should be looking to answe available. It is worth noting that Taranaki ratepayers have already paid tens of millions of dollars to the construction, upgradin vicinity of \$30 million? And now, for reasons that most of us are unsure of, we are being asked to pay again. Another problem weighted heavily in favour of the TRC's (and the TRFU's) preferred option – option 2. There's number of viable options that w and grass banks) and \$55 million (Option 2 – Repair Stands and update). Why were these not presented as options for ratepayers to choose their preference not to for them to be led by the nose by the Regional Council to choose the TRC's preference not to for them to be led by the nose by the Regional Council to choose the TRC's preference.

o complete an online submission is to tick one of the Options present arent in the consultation process. Prior to any public consultation f the stands, what was the cause of these issues, where does the nds back into a usable state. This should be a detailed document, not swer these questions in detail first and make this information publicly ding and maintenance of Yarrow Stadium - perhaps a sum in the em that I have with this process is that the consultation document is would have costs between \$6 million (Option 1 – Demolish Stands payers to choose from? This should be a process that allows eferred option 2. From information that is now in the public arena it

#	Name		District	Yarrow Stadium Options	LGFA	Comments
		NP	S ST O	1 2 3 4 5 6 7 8 0	YN	appears that the cost of repairing both Stands, without upgrades, is only \$36 million (although some interested ratepayers, w excessive). But, why was this information not presented in the consultation document? And, why are these upgrades even in 2018 – 2028 (draft?) Yarrow Stadium Asset Management plan (which includes for \$15 million of capex spending on the Stadiu forward many of the upgrades that were planned to take place in the future. What about the option of just repairing one Sta seems contradictory to me. On one hand the idea of repairing just one Stand is describe as, "simply not sensible", with the co the same paragraph, it says that the cost of the repair of each Stand is about the same. Surely that means that, without upgra repairing the other stand (half of \$36 million = \$18 million) would cost \$21 million – very different to the cost of option 2. Wl Grandstand to assist in achieving a less costly repair of this Stand? That would leave us with just one covered Stand, however covered-stands option. Why is it, "not sensible", to look at a one-stand option – as is stated in the consultation document? Fi only one stand – and some of those are very basic stands. Furthermore, all of those with more than one stand (Yarrow Stadiuu Strangely, while there is a shortage of these lower cost options presented in the public consultation document, options five ti price tags of \$121 million to \$271 million, most would readily accept that they are way beyond the realms of possibility. Agair Despite being labelled as a multi-purpose stadium, the bottom line is that it is not! It is predominantly used to host half a doz average crowds of, perhaps, 6000 people – about 1500 of which are attending on complementary tickets – so about 4500 pa economics the economic benefits to the region are vastly overstated – an, 'enjoyment value', of \$48 million from attending m to its construction, Yarrow Stadium was promoted as being a self-funding operation. This vision lasted for about 18 months in the tab. Ever since then the St

303	Michelle	1		1		Collaborate with other sporting codes to get a multi-use sports space.
304	Zehnder Catherine Robb	1		1		
305	Alex Scott	1		1		There must be an element of fund raising for this project so that donators can get a tax credit rather being charged GST throu come as apparently some people like rugby. The proposed (soccer) football fields at Bell Block are probably going to face a we incur a lot of costs, white the rugby community are probably going to get off scot-free. Personally I would rather it the other we believe the Stadium don't have to deal with this problem, yet the Football people in BBK do. I find the traffic during the rugby while there's rugby game on and other problems associated with the traffic and the lighting. If there were however to be a rai multi-use facility. By multiuse I mean it would have to have an indoor concert venue for 15000 or more people. I would also e Lye centre and Govett Brewster. As strange as it may seem there is life outside rugby. I would also like to know why the engin
306	Kathleen Lauderdale	1		1		I am in support of option 1 at this time as I am aware of the significant investment the community has already made into this services are inadequate and failing. Climate change mitigation and community development and resilience low carbon econo am aware there is a good argument for strong community cultural and sporting facilities and activities to be supported by Cou I would reconsider my choice. At this time this has not occurred. I note "consultations" on transitions cost \$500.00 to attend expensive and means only a few elite or business can attend. These consultations, given the expense being unaffordable, the
307	Neil Sulzberger	1		1		I support a level of investment in Yarrow Stadium that the Taranaki Regional Council has with its preferred option two, however this funding is not obtained then scale back the project and I would support demolishing the west stand to make it uncovered information in the consultation/ submission process about the proposed 'enhancements' which is a concern when you are tal information I have regarding enhancements may not be 100% correct. I will go back to about the year 1998. New Plymouth D Union that council will take ownership of Rugby Park (Yarrow Stadium) and develop the Park. NPDC at the time emphasized th The planning at the time was rushed with little to no consultation with other Taranaki sporting codes to find out their require international cricket could not be played at Yarrow Stadium despite NZ Cricket requesting the ICC (International Cricket Coun- be played there because of ground size. The ICC even visited Yarrow and they still did not give the dispensation. I was Chairm: the cricket games played at Yarrow. The Berl report mentions T20 cricket at Yarrow Stadium and the spectator figures presen at Yarrow – a generous figure would be 6,000 – 8,000 spectators. When you look at the history of Yarrow the only regular use Cup were 'one off' events, three NRL Rugby League games over 11 years and with the All Blacks there is no guarantee of mate therefore the funding stream becomes very shaky. There is talk that some of the enhancements are for a new turf on the mai these projects should have these items already budgeted for and money set aside. One of the disadvantages that Yarrow Stadi beautiful Bowl of Brooklands. It has been well documented that sports crowds around New Zealand for regular fixtures are de 2017 the average spectators at a NPC game were 6,000 – 8,000 spectators. There is no guarantee that Taranaki will be allocat and Taranaki can argue strongly to be awarded a future test. I consider a number of other centres in New Zealand will also pu money in the 'hope' of getting an All Black test

who are well qualified to judge, consider even this sum to be included when many (all?) of them are already budgeted for in the dium)? This can only be seen as an opportunistic attempt to bring and? In the consultation document the TRC's Q & A on this matter cost being not much different to Option 2. However, further down in rades, demolishing one stand (half of \$6 million = \$3 million) and What about the possibility of removing the roof of the Western er the TRC seem to think that it is imperative to pursue the two-Five of the 10 regional stadia that are noted in the Berl report have um excluded) serve populations far greater than Taranaki's. through to eight are provided as choices despite the fact that, with ain, this strengthens the bias towards the TRC's preferred Option 2. ozen provincial championship rugby game each year, each drawing paying spectators. And, as is usually the case with stadium promotion matches at Yarrow Stadium is almost laughable! I recall how, prior into its operation – when it was handed to the ratepayers to pick up e at even greater levels should the spending of at least \$55 million ditionally, we can also expect tens of millions of further CAPEX One can only wonder at the alternative ways in which this vast sum nave an independent enquiry and make public the exact details that al repair options – excluding upgrades – and then start spending Taranaki. Thank you for considering my submission.

ough our rates. If there were a fund raising process the money would whole lot of council nonsense and lose some of their own land and r way around. As far as traffic management is concerned I can't by games a right pain. I can't get to my favourite Chinese takeaways rate payer funded rugby pitch with chairs around it, then it must be a pexpect to see an end to people crying foul about the cost of the Len gineers aren't liable for this cluster %@&#.

his code and not other codes facilities. Also water and public transport nomy needs significant work so resources will need reprioritising. I Council and had the above concerns been addressed or more broadly d which makes contributions from affected people prohibitively herefore also do not have mandate either in my view.

ever, the \$55 million should include funding from outside sources. If ed seating. I have not been able to find any readily available talking about millions of dollars - I ask why this was not included. The District Council came to an agreement with the Taranaki Rugby I that Yarrow Stadium was being built as a "Multi Sports Stadium'. rements as a Multi Sports Stadium. The planning was so bad that Incil) give dispensation to Yarrow Stadium for international cricket to man of Taranaki Cricket Association and match manager for most of ented in the report – 40,000 in the few games that cricket was played iser is rugby. FIFA Football Under 20 World Cup and Rugby World atches in the future as there are many stadiums like Yarrow in NZ, nain ground and up-grading the lights on the towers. The money for the Taranaki ratepayers being asked to fund these. Prudent financial adium has - it cannot attract open air concerts because of the declining. The Berl report states that for Taranaki NPC games 2003 cated an All Black test – the Berl report states that New Plymouth put a strong case to NZ Rugby. To spend \$55 million of ratepayers tration office in Yarrow Stadium and now there is talk about building ing involved in the commercial area with a new building as a landlord inistration building and a gym is a slap in the face to other Taranaki ed 'you don't build stadiums for occasional events'. Is the Yarrow ete with present day businesses in New Plymouth? I have not seen onferences, weddings etc. The Berl report mentions that the use of council spending money in investing in a bigger hospitality area and ancements then the cost to hire Yarrow should be less which could

#	Name		District		lium Options		LGFA	Comments
		NP	<u>s</u> st o	1 2 3 4	5 6 7	8 0	Y N	make the possibility of hiring Yarrow to other Taranaki sporting codes more affordable and attractive. This should be a key for Yarrow Stadium. I ask the Regional Council to reconsider your preferred 'option two' because \$55 million is an obscene amou rugby. Taranaki ratepayers should not be expected to fund a new administration building and gym for rugby even if the mone Regional Council providing this type of facility for them. Your proposal is to mortgage every New Plymouth District ratepayer 25 years. I strongly recommend that TRC councillors pause and think - 'are we moving too fast'. In 1998 the planning was rush 'lip service' and it appears we are going down the same path again. The \$55 million should include funding from outside source
308	David Cooper New Plymouth Basketball Association Inc	1				1		The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of resider Facility Strategy. 334	Anne Sim Hadyn Jones	1				1	Hi Regional Council. You are facing a generational decision. A decision you are making on behalf of the people of Taranaki. The children watch and play their sport. Currently it appears you have gone away, researched the sporting and community lands or various multi-sport stadiums, offering a hub for many sports on many levels, you have gone away and come back with one op stadium. The only decision you appear to be making is how much of the rate payers money (for generations) you want to spe That's failing the people of Taranaki. Are you telling me no one at the regional council thought to pick up the telephone and t combined option of a stadium which caters for as many users as possible in a location which is central to New Plymouth. If I r opposed by all sports in the region but rugby. The options are opposed by Sport Taranaki and goes against the Taranaki Regio the wrong stadium in the wrong part of town for the benefit of one sport which is itself failing. The Mitre Ten Cup is a second majority of the rugby unions into financial ruin. Even with the quickest of googling you can see that if it wasn't for significant f financial ruin. It will not survive in it's current form yet we are building a stadium to house a dwindling supporter base with a spercent of it's players between 2017 and 2018. That's many teams, staying for a whole week - seven days of full hotels rather consult with the NPDC and look at a facility which caters for as many sports as possible at as many levels as possible. This is a deserve better than a one sport stadium in the wrong part of town dressed up as a "options." Thanks for taking the time to or Football team tried to use Yarrow's Stadium but it proved too expensive to rent. If a sports stadium is unusable by 99 percent for it's community. So when presented with an opportunity to start a-fresh, why would we want to build the same thing again for it's community. So when presented with an opportunity to start a-fresh, why would we want to build the same thing again for it's community.
336	Joshua Hamilton	1				1	The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of resider Facility Strategy. Consultation regarding proposed enhancements has not been transparent or community-wide, evidence are

it's still cheaper for them to take their cars. WITT has consistently which upon improvements such as frequency, will empower the for review, so it is timely to consider potential savings that can be every much worthwhile. By going with Option 1 (which costs \$6) to reduce fares, increase the frequency of service and otherwise land Bowl get huge crowds despite having no seating. Winter sports por winter concerts.

ally when most matches are attended by less than 5000 paying

ered to provide a suitable area, the costs to produce an international ide other public facilities within the boundary. A 50 year view could improved facilities for multi indoor sports as well as the existing ning up the gym and playing fields to include other codes such as or rugby game as a percentage of the population then. Our population ay not be the same, we need to provide the facilities for their use and naki. I am sure the future population will not only want to look at Art

We support that a repair of s is included in the \$36m is required and what scale of stadium is appropriate for the region now and into the future. We do no for within the existing Asset Management Plan and/or via the Regional Facility Strategy process if sport-related. We feel stron improvements and funding across sports."
337	Grant Hassall Taranaki Rugby Supporters Club		1	1					We support the repair of the stands and the update of the facilities at Yarrow Stadium. Having the stadium back into this state profile - thereby enhancing our chance of visitors - and without it will see a number of possible events literally head east. Tara recommend that our (the Taranaki Rugby Supporters Club) prior lease on space in the TSB Stand be renewed. Our club has 15 order to continue to achieve our objectives of a) supporting Taranaki's representative sides and, most importantly, b) to supp repaired Yarrow Stadium our club, the Taranaki Rugby Supporters Club, with 150 members, will almost certainly close. That w traces its origins back to the halcyon days of the 1950s.
338	William Simpson	1				1			I want to speak from a individual perspective, a rate payer that wants to see value for money The world has changed and rug we have an idea that is thinking individuals and "I" rather than an "US". People of Taranaki need to look at building big and be sport. Those days are now over. Rugby does not bring in enough revenue for rate payers to invest such a large amount of mor and replaced and an all-round sporting stadium that is inclusive, that involves all major sports. Netball, Hockey, Cricket and m their sports even soccer. I am opposed to the possibility of even spending one cent on one sport that my family do not follow the basics for their sports, like swimming, gymnastics, karate and there are many others that I may not know about. TRC talks is their aspiration then they need to look wider and take a risk ad build a complex that facilitates for all sports within Taranaki not to do, they raised money to build a gymnasium, and 3/4 roof for netball and in time a changing room and facility for Rugb netball courts are exposed unfinished and appalling, TRC and NPDC gave not support financially for this project so why Yarrow.
339	Tony Bedford	1					1		My name is Tony Bedford. I have had over 30 years involvement in both community and professional sport predominantly in a against redevelopment and enhancement of Yarrow Stadium to a level that was previous with capacity over 25,000 and with of this size, cost and ongoing operational costs. As the Berle report stated there has been one occasion in the last 11 years an capacity of 15,000 would have accommodated events that have been held at the stadium over the last 11 years. Taranaki Rug stadium is predominately used for rugby. Nationally live attendance for rugby outside of test matches is dropping Highest just over 15,000 by the Hurricanes. Wellington attendance for Mitre 10 Cup last year averaged just over 3800 while Waikato vi just over 5000 people. I don't feel that stadia the current size should be built so you have a capacity crowd for an All Black gar likewise having the facilities upgraded to host functions and weddings. I am also against additional ratepayer funded enhance selected sports code while many others do not have the same opportunity. If rugby needs these facilities then they should be clubs do. It is interesting to note that other facilitiesTSB Stadium, Aquatic Centre etc have had upgrade proposals deferred time and the desire to minimize rate increases. I urge the TRC to look at a stadium that suits the community needs. A one star to host all of the events that have been held over the last 10 years excluding All Black tests. While the costs could be similar to should be less. Could the TRC provide publicly a full list of annual operating costs for the stadium with associated income from grants, council, etc. With the community funding the redevelopment there needs to be more detailed long term planning of t Toilets and pay for play pitches for social and formal sport on the outlying fields would be advantageous for the wider community funding the redevelopment there needs to be more detailed long term planning of t
340	Colin Neighbours	1		1					The Taranaki province has a lot to be proud of, and it stands tall in NZ sport by producing champions not only on the sporting Mt Taranaki is our icon it appears as a beacon and instils a level of pride in our Province. The Stadium is our arena and has bee memorable Ranfurly Shield or Mitre 10 game; and it will continue for the future just as long as we the community are bold en 8 wire but provide enhancements which will appeal to an even wider audience. The cost of any of the Options 2-8 looks daun Stadium has given the whole of Taranaki since 2002, we have no choice but to carry out repairs and an upgrade, so future ger or even No. 1 is not an option if we are to compete with other regions around NZ and stay ahead of the pack. I have overhear because of the ease of watching a game at home (or the pub). I remain of the belief that if the Stadium facilities provide a corr rugby union to produce a competitive team with a flair in the style of play, then the fans will turn up- It wouldn't do any harm put pressure on the powers that be, to get them to release All Blacks to play for their home province more often. With policie Taranaki again? Finally the€ share of costs per households look acceptable to me on either Options 2 or 4, but the price put o those outside of the food and hospitality areas. Because TRC will undoubtedly get a very favourable interest rate and the borr on the levy so that the cost will not rise but get "cheaper" for households to bear over the life of the loan? Or alternatively she windfall at any stage then some of those funds be used to ease the household's burden? *Whilst I support Option 2 preferred Taranaki population, although I do not see the need for further seats. Having the gym separate from the main stand would not a wider range of potential users.
341	Mark Robinson		1	1					A fully functioning regional stadium is absolutely critical to Taranaki's identity and further development. The social, recreation been well articulated in the BERL Report on Stadium Value. If our province wishes to remain relevant as a national player in he sectors then the investment in the stadium is required. The many positive spin-off's such as attracting people to live and bein known. Although the re-development is critical for the survival of Taranaki Rugby, this is a much bigger, broader opportunity stadium to an acceptable modern standard for hosting significant events, it will result in very significant lost opportunity across
342	Bryan Campbell		1	1					
343	Chiefs Rugby Club		1	1					The Chiefs Rugby Club LP (CRC) would firstly like to acknowledge the work that the Taranaki Stadium Trust (TST) and the Taran to the premier multi sports facility in Taranaki. Yarrow Stadium is considered one of the best sporting venues in New Zealand as rugby Internationals that brings millions of dollars into the Taranaki economy. The Taranaki Rugby Football Union plays a h range of other sporting and non-sports events that the Taranaki public would not enjoy to the same extent without a fully fur numerous fixtures and events at Yarrow Stadium have been broadcast nationally and internationally, putting a spotlight on the

f some scale needs to be undertaken but require more detail of what not support the \$19m of enhancements which should be accounted ongly that there is a great need for an equitable approach to facility

cate will greatly aid the province in lifting its national and international aranaki has done it before and can do it again. Further, we further 150 members and desperately needs space at Yarrow Stadium in ipport all junior and related rugby activities. Without a room at a t would be a tragedy for a club that is over 40 years old and in fact

rugby is no longer a preferred sport. We a talk about team sports yet better for the future. Building for all the sporting people not just one noney to retain Yarrow Stadium. Yarrow Stadium must be demolished many other indoor sports that require a stadium to be able to grow ow or support when I see other sporting bodies struggling to supply lks about prudent spending and using their monies wisely then if this aki not just Rugby. Waitara is a Town that leads by example of what gby League leaving all other sporting bodies in the cold even the row Stadium.

in rugby at local, regional, national and international level. I am th two major grandstands. Our community does not warrant a facility an attendance of 20,000 excluding All Black games. A Stadium of a Rugby has not averaged 8000 per game in the last 14 years! The main est average attendance for Super Rugby in Australasia last year was to who hosted the final in the Division that Taranaki are in attracted game once every 3 or 4 years is justified and funded by rate payers, neements for the stadium such as offices and gymnasium for a be funding them themselves like local rugby clubs and other sports red due to the NPDC not having the funding available at the present stand stadium with a capacity of around 15,000 would be acceptable in to reinstatement the ongoing costs of maintenance and attendance rom events and tenancies without any outside contributions from of the whole of the facility as the whole of the area is underutilized. munity who are going to fund this upgrade.

ng field, but also from the wider environment that is Taranaki-Just as been the battlefield for rugby contests in the past hosting many a enough to take up the challenge and fix it properly-not only with Nounting, but when one takes into consideration the benefits the generations can also enjoy what we have up to 2018. To do nothing eard quite a few comments about dwindling numbers of patrons comfortable environment, coupled with the ability of each provincial rm to combine forces with other stadiums around the country and icies currently in place are we ever likely to see a Barrett play for t on Commercial/industrial users looks a bit steep, particularly for orrowing not need to increase, could there be a nil inflation cap put should the TRC as sole shareholder of Port Taranaki come into a red by TRC, Option 4 looks more acceptable to a wider range of the not only free up some valuable space but make it more accessible to

ional / leisure, sporting, and economic benefits are clear and have hosting significant events across a wide range of entertainment eing a more complete life-style and tourist destination are also well ity to secure than rugby's future alone. If we do not re-develop the cross multiple generations for our communities and broader region.

ranaki Regional Council (TRC) has done to develop Yarrow Stadium in nd and an iconic stadium throughout the world. It hosts events such a huge roll in attracting such events. Yarrow Stadium also hosts a functioning Yarrow Stadium. Over the course of the last ten years, the Taranaki Region. The Gallagher Chiefs team have played six

		NP	<u>S</u> ST	0	1	2	3 4	4 5	5 6	7	8	0	Y N	games at Yarrow Stadium since Taranaki Rugby Football Union invested in the CRC in 2014: 2014:Blues/Warratahs 2015: Hur to host a Gallagher Chiefs match at Yarrow Stadium in 2018. Unfortunately the TST found itself in a challenging position due stands. This ultimately put an end to Yarrow Stadium's ability to host Super Rugby fixtures at the venue. Rugby plays a promi Taranaki has a proud history and the province produced some fantastic rugby talent over the Unions 134 year history. Currer Angus Ta'avao . BradteySlater . Reuben O'Neill . Finn Hoeata . Mitchell Brown . LachlanBoshier . Pita GusSowakula . TeToiroa Cooper and Neil Barnes also developed their playing and coaching careers in Taranaki. Yarrow Stadium is a significant and im Yarrow Stadium or Rugby Park has been the constant in the evolution of rugby in Taranaki. The TSB Hub and the TET Stadium capacity required with minimum standard lux lighting for televised nights games and SANZAAR minimum standard requirement matches. As neither of these venues meet minimum SANZMR requirements we do not need to discuss minimum covered sea successfully operate a Super Rugby match. The CRC hosted the Hurricanes at the TSB Hub at Hicks Park in Hawera, June 2018 other viable options in the region to host Super Rugby competition games. The CRC support option two in the first instance v is important to Taranaki that the Stadium is returned to full capability. The opportunity in this awful situation is to refurbish t ongoing maintenance and appropriate development of the facility. The CRC look forward to returning Super Rugby back to Ya opportunity to submit on this matter.
344	Therese Campbell	1										1		TRC are to be acknowledged and commended for endeavouring to resolve the Yarrows Stadium issues but there are insufficient most concern are: • Transparency and clear disclosure about what is included in Option 2 (\$55million). The split of stands represent to community had to rely on seeing a media article prior to consultation to realise the split. No disclosure or transparency and Changing rooms' on the plans rather than 'Rugby Sports House' to house all the staff as well ff Stand' costs. • The significant gap between Option 1 of grass banks (\$6m) and Option 2 (\$55m) repair and enhancements. M repair of both stands without all the enhancements should also have been added for community consultation as well as an o on request 3 working days from close of submissions. • The 'enhancements' appear to be a combination of maintenance iter already rated for and a wish list of current 'Users' of the stadium as opposed to what is practically required to meet anticipat Artificial Turf on the No. 2 field which lists as the benefits that 'sports' can use. No other sport (other than rugby) has been constadium location. There has been a Sports Facilities Strategic steering group set up of which the 3 district councils and other sport and recreation facilities but this 'enhancement' as not been through this process. There needs to be more adaptable, a wider range of activities and users. • Even though I myself still attend the games at the stadium to show support for rugby with adult children who will bear the burden for the next 25 years, we do not want to be committed to this level of debt for odiverse interests and individual councils have an opportunity to invest future funds in projects that have a far wider appeal an effective options that utilise facility planning frameworks and are reflective of current trends, the size of our region and meet to follow a transparent and equitable process through the 'Sport and Recreation Facilities Steering Group' that all other sport holistic approach to sport and recreation in the r

346	Lloyd Morgan Chairman Taranaki Synthetic Turf Trust		<u>,</u>	1								1		The Trust would like Councillors to consider the following. TSTT supports the reinstatement of Yarrow Stadium to its previous reservations. 1. The reinstatement should be limited to making good the Grandstands and not the enhancements and improve funding in the pre-existing Yarrow Stadium Strategic Plan via the existing TRC rate (\$876,000/annum). 2. The current TRC proves other sport facilities and this proposal will generate ratepayer resistance to develop options with a wider level of use resulting a synthetic surface (Field 2), of which TSTT obviously has an interest. This does not have the stated versatility and thus could options which it would readily discuss. 4. The budgeted repair cost seems extremely high given the current asset value of the community consultation to develop a more cost effective solution. Our committee is concerned at the proposals' depth of resignificant asset.
347	Paul Munro	1				1								There was a figure in the media of \$38 million to repair the two stands and I presume the difference is the costs of the updat the stands repaired and defer any upgrades until we can afford them.
348	Josh Thomson	1				1								
349	Hugh Barnes	1										1		I support only the seismic repair of the east and west grandstands to return them to the full use that existed prior to the disc occupied by the spectator public. Any update of the facilities should be completed in line with the Yarrow Stadium Asset Mar million increased rate take per year under the Council recommended option 2, for the stadium facility including the enhance to cover most of the enhancements listed under the AMP. The Council needs to be cognisant that the Taranaki rate payers h upgrades in the past, so accepting that we need to pay again to return it to the original standard is already a bitter pill to swa
350	Graham Mourie		1			1								In supporting option 2 as the preferred option I note the facilities positive benefits to the Taranaki region and community pro of the nature of Yarrows Stadium provide communities with the ability to provide and participate in events of both a local, re events may change as the needs of the region move with time and fashion the facility will endure enhancing the lives of pres advantage of the current opportunity to rebuild and upgrade the stadium to meet future needs would be a major mistake - o applaud the foresight and courage of the Council in moving quickly to address this opportunity.
351	Megan Gundesen Taranaki			1								1		We believe there is an Option 1.5 that should be explored. Taranaki region ratepayers need more information the enhancem Sport Taranaki to explain the breakdown of enhancements to the other sporting codes and thereby potentially obtain their b

urricanes/Brumbies 2016:Sharks 2017:Reds. Planning was underway e to the discovery of earthquake prone issues with the east and west ninent role in the wider Chiefs Region and Taranaki is no exception. ent Gallagher Chiefs contracted players include: Mitchell Graham . haTahuruirangi Kini Naholo Sean Wainui Tom Florence Coaches; Colin mportant piece of infrastructure that plays a major role in the region. Im in Inglewood are fantastic community facilities but not at the ments for changing facilities to host Super Rugby competition leats and hospitality requirements to generate revenue needed to 18. This was a "friendly" match played at 1pm. Currently there are no e with an upgrade to option four if additional funding can be found. It in the venue and set plans and funding in place to provide for the Yarrow Stadium as soon as possible. We thank you for the

cient options tabled to make an informed decision. The issues of epairs and enhancements was not shown in the consultation transparency that Rugby is getting a new building separate from the for this code and the fact that it is included in the 'Repairs to the More options including repairing just one stand and the straight option to choose none of the options which only became available ems already in the existing asset management plan that we are ated future spectator numbers. • The enhancements include an consulted about the suitability of an artificial turf at the Yarrows r funders are a part of to consider and make recommendations for d equity of process for all sports. • In identifying the preferred option g declining participation as well) and frameworks that have been le, inclusive, attractive, multi-purpose, and better meet the needs of (unfortunately family and friends do not anymore), as a ratepayer one facility that has spasmodic use. People today have far more and community use. Recommendation : • TRC to propose more cost et an identified need. • Any costs that are specific to one sport need orts are required to follow. TRC could also consider taking a more govt.nz/news/2018/september/38m-of-sports-facilities-funding-

355	Denise Hill Taranaki Hockey Federation	1	1		Taranaki Hockey Federation submission to Yarrow Stadium consultation. The Federation would like Councillors to consider the its previous operating level. Councillors need to note the following reservations. 1. The reinstatement should be limited to mimprovements listed in Option 2, or 4 as these have been allocated funding in the pre-existing Yarrow Stadium Strategic Plan proposal fails to sufficiently consider regions pressing requirement for other sport facilities and this proposal will generate ra resulting in a significant opportunity missed. 3. Taranaki Hockey, along with other sports codes, have been working with Spo has assessed the state of sports facilities in Taranaki and assessed the needs for the future based on predicted population grower recommended in this document. We do not consider the Yarrows Stadium fulfils the "hub" concept that will cater to the wide specific, over and above reinstating the grandstands, should be dealt with through the Taranaki Facilities Strategy, on a level cost seems extremely high given the current asset value of the stands. Has consideration been given to further engineering c Our committee is concerned at the proposals' depth of research and the apparent lack of insurance cover of such a significant operation.
356	Ruth Mackay Patea Community Board	1	1		Repair Stand to required standard, without adding any extra facilities. We also want an exemption of a rate increase for outly Preferably complete exemption or if not possible a reduced rate increase from what the rest of Taranaki will be charged
357	Merv and Annette Bain	1	1		
358	Rudy Gesterkamp	1	1		Apologies I have had no time to read any of the materials or follow the press on this issue and so am very un-informed, but to 8 options is missing the one that you should be following which is to do the minimum repairs to both stands to restore them MORE. We don't need empire building and we don't need conference facilities and we don't need to compete with other big and I suspect are mostly there to just make the repair look cheap for us in contrast?). Option 1 is a step backwards that leave province of our size should have. It's bad enough that we are having to pay twice for our facilities so just spend the minimum provincial rugby which can occasionally be good for some other stuff. The crowds and the usage do not justify spending anyth else. If you are going to spend anything more than that spend it on good lawyers to sue those responsible for \$35m so that it
359	Clare Rinckes	1	1		Just repair stands. Upgrades should take their turn as per upgrades to all other sporting facilities.
360	Paul Schrader Armourshield Group - South Taranaki	1	1		Support seismic repair of grand stands only at best rate payer cost practical, as rate payers have already paid for the stadium.
361	Steve Tew New Zealand Rugby	1	1		New Zealand Rugby is very grateful to the Taranaki Regional Council (TRC) for this opportunity to make a submission with reg closure due to the earthquake prone assessment. New Zealand Rugby would also like to thank the TRC for its support to date Rugby's vision is to Inspire and Unify New Zealanders and is one of New Zealand's largest sports organisations, with over 156, game at a community level right through to the pinnacle events for both our All Blacks and Black Ferns teams. The Taranaki R with a significant history of successful teams and producing players who have contributed as proud Taranaki representatives presently epitomised by current All Blacks Beauden, Jordie & Scott Barrett, Waisake Naholo, Te Toiroa Tahuriorangi and Angu Taranaki Rugby. Historically it has been the scene of many memorable rugby moments. And in recent years Yarrow Stadium h competition level, (Mitre 10 and Farah Palmer Cups respectively), Investec Super Rugby and All Blacks fixtures. With a playing Taranaki continues to have a rugby venue that offers participants an aspirational local pathway to the highest levels of rugby. community has to watching its teams competing in national provincial competitions, citing 6,000-8,000 spectators consistent 2003 and 2017. New Zealand Rugby acknowledges that ultimately it is up to the Taranaki community to decide what should b believe that the best option of those presented is option two, which proposes the repair of both stands and updated facilities repair of both stands, additional seating and community facilities that will provide the region with a staneholder in the Chiefs S Super Rugby games. The venue has of course also hosted numerous international matches, most recently in 2017 when the A that in addition to the community pride and excitement that high profile rugby fixtures generate, the economic benefit of suc estimates between 2003-2017 an economic impact of over \$60m was derived from approximately 245,000 visitors to the reg Zealand Rugby's venue requirements for things such as
362	South Taranaki District Council	1	1		The South Taranaki District Council (STDC) thanks the Taranaki Regional Council (TRC) for the opportunity to provide a submise Plan 2019/20. We do wish to speak to our submission. The situation that we all find ourselves in with the need to fund the str we would be or ever want to be. We would like to take this opportunity to thank the TRC for the work that has been done to TRC has had and the difficult and complex issues that have to be resolved. Thanks to Chairman David MacLeod for coming and the challenge that Taranaki Rugby has faced over the last few years and we are keen to see the TRFU return to 'business as us the various options presented for consultation. We do understand the need to do something. Yarrow Stadium is a regional fa we are very concerned about the cost to all Taranaki ratepayers and in particular those within the South Taranaki District. We having on rugby and the potential negative effect on other sporting codes. We appreciate the additional detailed information with its deliberations on this matter and after careful consideration our preferred option is a modified version of Option 2. W

aranaki, to review all challenges and ideas, and to provide initial ramework and for this group to provide public recommendations.

the following. THF supports the reinstatement of Yarrow Stadium to making good the Grandstands and not the enhancements and an via the existing TRC rate (\$876,000/annum). 2. The current TRC ratepayer resistance to develop options with a wider level of use port Taranaki, and sup-porting the Taranaki Facilities Strategy which growth. As such we are promoting the "sports hub" concept as rider needs of Sports in Taranaki. All improvements that are Rugby el playing field with all other sports codes. 4. The budgeted repair g community consultation to develop a more cost effective solution. cant asset.

.....

tlying areas such as Ngamatapouri, Waitotara, Waverley and Patea.

today is closing day and I want to make one simple point. The list of m to usable as they were before being condemned and NOTHING ig cities (options 2 to 8 - some of which are patently inappropriate ves us lagging behind what we had and behind what a city and um to get us back what we had, which was a good stadium for ything more. Allow \$35million to get them both safe and nothing it does not actually cost us twice.

egards to the repair or replacement of Yarrow Stadium following its te of Taranaki Rugby during this challenging period. New Zealand 56,000 registered players both male and female. We promote the i RFU (TRFU) is a proud member of the New Zealand Rugby Union es not only at local but also international level as All Blacks. This is gus Ta'avao. Yarrow Stadium is the physical and spiritual home of has played host to fixtures at men's and women's national domestic ng base of 7,000 players, New Zealand Rugby believes it is important by. The BERL report identifies the attachment the Taranaki ntly attending Mitre 10 Cup (and its predecessors) matches between l be done about Yarrow Stadium, but on making this submission we ies. New Zealand Rugby would also support option four which is a on centre, should funding and community support for this option be Super Rugby franchise and has previously hosted many Investec e All Blacks defeated Argentina 39-22. The Council will be well aware such matches is significant to the local economy. The BERL report egion, 215,000 of whom visited to attend rugby matches. New ry for the various levels of fixtures and we would be very happy to are not in a position to guarantee future fixtures, our vision to inspire suitability of the various venues and Yarrow Stadium, once repaired, rk it has done in identifying the available options and the opportunity uled for May 13/14 and intend to do so.

mission on the Yarrow Stadium Funding options as part of the Annual strengthening of the Yarrow Stadium is a place none of us thought to date on this project. We acknowledge the huge challenge that the and discussing the proposals with our Council. We also acknowledge usual' as soon as possible. Our Council has discussed and considered facility which does provide benefit to the Taranaki region. However, *Ne* are also concerned about the detrimental effect this situation is on that was provided to us by TRC staff. This has helped our Council We understand that Option 2 potentially has two parts to it. 1. The

		NP S ST	0	1 2 3 4 5 6 7	8 0	Y N	
							first part is strengthening the two stands to make them compliant with earthquake codes and regulations. We estimate the c approximately \$33 million. 2. The second part appears to include a range of extra capital enhancements that could be consid work that is needed to earthquake strengthen the stadium. We estimate the cost of these items, again based on the informai we support strengthening and repairing the stands and getting them back to a usable state. However, at this stage, we do no include things like new astro-turf, a new TRFU building that will house a gym, toilets and changing rooms, audio visual upgrad additional capital expenditure over and above repairs and maintenance. STDC understands that this additional work would re Clause 5 (4)(b) of the Taranaki Regional Council Empowering Act 2001. See Appendix 2. A modified Option 2, would reduce th estimated 40%. While we accept that South Taranaki ratepayers should make some contribution to the repair of the stands, v of a targeted flat rate. We believe the benefits for the South Taranaki District are substantially less than for the other districts for Option 2, we believe it is unreasonable and unacceptable to impose an increase of 463% (going from \$11 per ratepayer to each paid \$11 a year (plus GST) for the Yarrow Stadium. This contribution continued even after the initial loan was paid off in have contributed in excess of \$1 million toward the stadium. Furthermore this level of increase applied in such a way has the we want to undertake on our own facilities. We believe there are also some extra measures that could help the TRC ease the lower the initial cost. A 30 year loan or longer would lower the upfront cost. We also believe the levy increase could be introc highly unlikely that any loans would need to be drawn down all at once, but as the work is completed over a number of years valued properties and hits those who can least afford it. We would support a modification to the levy to take this into account within the South Taranaki District to tak
363	Taranaki Chamber of Commerce		1	1			Taranaki Chamber of Commerce welcomes the opportunity to provide a submission on the Taranaki Regional Council's Proportational and global network. We are a not for profit membership based organisation with a current membership of 687 busin business community through advocacy, business connections and celebrating business success. The Board of the Taranaki Ch community and represents our members' views in this submission. Local Government Funding Agency Scheme. The proposal Authority has not received any publicity and we are certain that the majority of ratepayers are not aware that this is the only assumption is that the loan will be from a financial institution. We note that New Plymouth District Council and South Tarana has fully analysed the options and we are comfortable with the decision. The Chamber supports Option 2. Yarrow Stadium. Splocal economy. The Chamber supports investment by the Council to improve facilities which enhance both local and visitor exbeneficiaries are. With Yarrow Stadium, it is mainly the region's residents along with hospitality providers and sporting bodie support is based on revision of the proposed targeted flat rate (see below). Targeted Flat Rate. The proposal to move from a with a lot of disgruntlement from our members. Currently contribution to Yarrow Stadium from small businesses is approxim increase and also unfair. A small retailer in a single use building in New Plymouth will be paying the same amount as a big box allocation should reflect the benefits received and should not be unfairly applied to businesses as a revenue raising mechanis. It is essential that councils do not use rating policy to overcharge the business community if they want to attract and retain b rating differential between residential and commercial/industrial categories reduce or retain the current system. The Chamber supports are provide as a big box allocation should reflect the benefits received and should not be unfairly applied to businesses as a revenue raising mechanis. It is essential that
364	John McGifford Central Football		1		1		The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of resider Facility Strategy. Consultation regarding proposed enhancements has not been transparent or community-wide, evidence are not align with the Strategy or the current processes followed by sports for facility development. We support that a repair of s is included in the \$36 million is required and what scale of stadium is appropriate for the region now and into the future. We accounted for within the existing Asset Management Plan and/or via the Regional Facility Strategy process if sport-related. We to facility improvements and funding across sports.
365	Rebecca McCullough	1			1		This is the perfect opportunity for the council to look beyond Yarrows and explore the option of a multi-sports centre at the r rugby.
366	Justine Gilliland Venture Taranaki		1		1		Key to the further success of our region is attracting people to visit, live, work, create, spend, and invest in Taranaki. Having a this. The provision of diverse and quality public amenities, including sporting and event facilities, can help the region become both inward attraction and resident wellbeing. Ensuring we have sporting facilities which are modern, fit for purpose, and acc central to Taranaki's value proposition. While we acknowledge that large scale sporting events, such as an All Blacks test mat there is no guarantee of attracting of such events, or the frequency at which they may occur. The ability of other sporting core focused) stadium is likely to be limited. It is also worth noting there should be a detailed assessment of whether current mark Taranaki, at the proposed size and scale for the stadium, is generally being sufficiently serviced by both private and public sec Taranaki are admirable. Prior to selection of a preferred option, an assessment of this investment needs to be undertaken in offer throughout the region, to have the greatest impact on liveability, wellbeing and vibrancy.
367	Claudia Gelling	1		1			Do a basic improvement so that there are more funds to bring other sports facilities such as hockey and netball up to a good
368	Janice Liddle	1		1			I support Option 1 - demolishing the stands and grassing the area. The Yarrow Stadium is primarily a rugby stadium. According 245,000 people over the last 15 years. I therefore do not see the need to spend millions of dollars on a facility that attracts so

e cost for this, based on the information provided, to be sidered as non-essential items but are over and above the remedial mation provided, to be approximately \$22 million. Given the situation not support the extra \$22 million of capital works some of which rades etc. See Appendix 1. We believe the extra \$22 million is d require formal agreement from the three district councils under e the funding required from the ratepayers of Taranaki by an ls, we are concerned about the level of contribution and the amount icts due to the distance from the stadium. Based on the calculations r to \$58.65) in one year. South Taranaki ratepayers have previously f in 2012. As such in the last seven years South Taranaki ratepayers he potential to severely limit our ability to levy rates for future work the burden on our ratepayers. Extending the term of the loan would roduced progressively (staggered) over the first few years as it is ars. The targeted flat rate is also especially regressive for our lower ount. We would also like the TRC to consider a further differential I who are less likely to use the stadium. We would encourage the TRC ble to all of our ratepayers. In summary we would make the following at a cost of approximately \$33 million. • Recognise the need to Investigate loan funding over a longer period to reduce the upfront account distance from the stadium. • Consider modifying the levy so it ing nothing is not an option and believe it is important that the oon as possible. We also recognise the huge cost to the Taranaki

pposed Annual Plan 2019-2020. The Taranaki Chamber is part of a usinesses. Our role is to support and inspire a strong and vibrant Chamber of Commerce undertakes a leadership role in the business osal for Taranaki Regional Council to become a Guaranteeing Local nly proposed way to secure funding for Yarrow Stadium. The probable maki District Council are shareholders of the LGFA. It appears that TRC b. Sporting, arts, culture and entertainment events are vital to a robust r experiences. However it is important to focus on who the major dies' stakeholders. The Chamber supports Option 2. However this in a UAGC and land value based rating system to a flat rate has met kimately \$80.00. This change to a flat rate of \$428.30 is a massive box retailer or a complete shopping mall. Our view is that rate inism; especially as we are heading into more trying economic times. In business in the district. The Chamber would like to see the proposed mber does not support the proposed change to move to a Targeted

dents to be active every week as identified in the Regional Sports around decisions has not been provided, and the enhancements do of some scale needs to be undertaken but require more detail of what We do not support the \$19 million of enhancements which should be . 		NP	S ST O	1 2 3 4 5 6 7 8 0	Y N	events such as Nitro Circus, the attendance rates, given the time frame, are pitiful. Despite all the hype, rugby culture is been governing body, Rugby NZ spend a lot of money on propping up and turning into a celebrity concern. While other sporting concerns their chosen sport. The Bowl of Brooklands has no covered grandstands or million-dollar amenities to attract "international" international acts regularly appear there and enjoy it. I would imagine attendance numbers would be in excess of those who those who attend at the Bowl, who bring their own seats and umbrellas (should it be wet) and those who attend rugby game is simply glaring. TRC has not been transparent with its costings. The true cost of Option 2 is \$36M with \$19M of added "enhinclude \$2.5M for a stand-alone gym and administration block and \$2.4M for new lights (to replace those that are still "new" little used, is not part of the game but part of the corporate image. While it is in Rugby NZ's interest for local councils to funct cost ultimately falls back on. I also object to any increase in rates to pay for such upgrades. It is estimated that (where I live) should be funded by a user-pay system and income generated through ticket sales and gate earnings. We have to reduce ou leading with such initiatives. \$49M is money that could be used to electrify Councils' car fleet and put solar panels on a great comprehensive public transport to rural areas with mini-bus options rather than standard size buses. This money could go a riparian plantings. It could fund air-quality monitors for placement near bigger industries, i.e. Methanex plants, Anzco, Todd better investment of council money for the many rather than an enhanced rugby stadium that caters to a few.
369	Richie Matheson	1		1		The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of reside Facility Strategy. Consultation regarding proposed enhancements has not been transparent or community-wide, evidence ar not align with the Strategy or the current processes followed by sports for facility development. We support that a repair of is included in the \$36m is required and what scale of stadium is appropriate for the region now and into the future. We do n for within the existing Asset Management Plan and/or via the Regional Facility Strategy process if sport-related. We feel stro improvements and funding across sports.
370	Tony Standen Spotswood United RFC	1		1		Spotswood United is an amalgamation of previous rugby clubs, Spotswood Old Boys and Star. Star ruby club in association w where Yarrow Stadium is now based. Rugby Park was developed by members of both clubs in their spare time. Members vol time to create a rugby ground that was to become the home of Taranaki rugby. As the popularity of rugby grew within the p Rugby union and later gifted again to the New Plymouth District Council. New Plymouth District Council later transferred ow ownership Rugby Park was transformed into a world class Stadium known as Yarrow Stadium. The reason I draw your attentit has come about because of the hard work and passion of many in the community. It came as heartbreak to those people, th stand at the stadium. Having invested so much to get the stadium where it is today it would simply be devastating to see the Rugby has played a huge significance in regional New Zealand and non-more so than in Taranaki. The pride that the commun premiership and the Ranfurly Shield is evidence of this. Without the stadium Taranaki rugby will not survive. This will affect r many of the general public that share the passion for Taranaki rugby. Furthermore, no other sport in the region generates th people gathered at the airport to welcome home 'their' team holding the Ranfurly Shield. Yarrow Stadium MUST be restored. Spotswood United Rugby support Option 2.
371	Madeline Winmill	1		1		On March 20th Tony Bedford, had an article in the North Taranaki Midweek paper published in which he stated it is not the real All Blacks game. If the community is going to foot the majority of the cost of an updated stadium with extra seating it should proofing comes at a cost but it would be short sighted if the council does not consult with all sports facilitators to ensure Tar & grandchildren and that the council looks at these other options when considering the best path to take. As a ratepayer I w funding avenues.
372	Inglewood United Rugby Football Club Inc.	1		1		The Inglewood United Rugby Football Club Inc. has considered the eight options proposed for the reinstatement of Yarrow S supports the proposal presented by Option 2 above. Yarrow Stadium is a significant and important piece of infrastructure that Taranaki Rugby, steeped in history, and the pride of the province. Its reinstatement with the proposed Option 2 will ensure t provincial, "super rugby" and international levels. The earlier work begins to bring the Stadium back to full capacity the better first instance, it also offers support for Option 4 if additional funding for this proposal can be found.
373	Philip Brown	1		1		Please accept my submission for the 2019/2020 Annual Plan. This submission relates to the future use of Yarrow Stadium. SU opportunity cost is to increase the economic benefit to a ratio of 10% per annum or better from 6.6% with updated facilities stretch without any external funding assistance it will provide a faster run rate for the investment return which amongst all censure fairness, I would like TRC and key regional partners to consider any options to implement, as an example, a 2.5% 10-y accommodation providers and hospitality outlets and then combined with targeted rates to generate the required portion or Growth Fund (PGF) is tapped to provide \$15m of the estimated rebuild cost to ensure that the economic impact can be retain PGF must play a role in the reestablishment of what we already had and are merely now wanting to retain. Without this imm and uncertainty, so it makes sense for the PGF to invest ~\$15m to generate \$100m over the next decade. We must go cap in downward spiral of economic activity and prosperity. Further, we must shield TRFU from long term and likely irrecoverable fi if not already, lead to a position of insolvency. In doing so, all Taranaki councils should in pro rata provide an immediate eme budget shortfall for 2019/20 using the council's emergency funds. TSB Community Trust should consider an extraordinary re we are faced with making some very big decisions but we cannot do this alone and we require the combined support of cent proud people of Taranaki to galvanise a response that is both decisive and brings us back to a position of community strengtl outside the box to make this happen and fast. Assuming a rebuild cost of ~\$70m including financial relief to TRFU of \$1m, this 10-years Regional Tourism and Events tax \$12.5m 10-years based on \$50m pool Extraordinary grants/aid \$1m immediate on TRC banking arrangements to rebuild our community spirit with a stadium that is more fit for purpose and with expanded op the store of \$10m community spirit with a stadium that is more fit f
I					1 C	

ecoming less attractive as a recreational activity. It is a culture that its codes within Taranaki are crying-out for money and amenities, rugby sporting codes of Taranaki more choice and better basic facilities for al" acts, yet that is exactly what it does, and does well. Headlining ho attend rugby at Yarrow Stadium annually. The disparity between mes for a couple of hours who require a minimum of covered seating nhancements" which are to primarily benefit elite rugby. These w"). Why a rugby stadium has to have such facilities, which will be and and build their facilities, it is not for the ratepayers to whom the e) North Taranaki ratepayers will pay an extra \$76. If anything, it our carbon emissions. Council has an obligation to do so and could be eat many of its buildings, including at the Stadium. It could fund more a long way to helping clean-up our rivers and waterways, besides any dd Energy, Ballance Kapuni, Fonterra etc. Such initiatives would be a

dents to be active every week as identified in the Regional Sports around decisions has not been provided, and the enhancements do of some scale needs to be undertaken but require more detail of what not support the \$19m of enhancements which should be accounted rongly that there is a great need for an equitable approach to facility

with Tukapa rugby club were the founders of the original Rugby Park volunteered their tools and machinery and an enormous amount of e province it was decided that Rugby Park was gifted to the Taranaki ownership to the Taranaki Regional Council Since being in council ntion to the history of the Stadium is to highlight that Yarrow Stadium the significant issues that has caused the closure of the two main he stadium not be restored to how it was prior to the issues arising. unity has shown in recent years with the wining of the Mitre ten cup t not only the large number of the rugby playing community but also the level of economic benefit to the region. No other sport has red, the home of Taranaki rugby MUST be restored. Accordingly,

e rate payers job to fund a stadium to facilitate a large crowd for an Ild be for the future of all sports that require a new facility. Future Taranaki sport gets the stadium it needs for the future of our children would like to know how this can be achieved with support from other

v Stadium to comply with earthquake safety standards. The Club that plays a major role in the Region. It is the spiritual home of e that the Region can continue to host key rugby events at local, tter the wider province will be. While IURFC supports Option 2 in the

SUBMISSION: Whilst option 4 will cost \$14m more than option 2, the es allowing for wider and more frequent use. Whilst \$69m appears a l options being considered seems the most prudent approach. To D-year regional tourism & events tax on the key retail sectors – of funds shared 50/50. I would also recommend that the Provincial tained and where the rebuild can commence with some urgency. The nmediate combined support the region faces further economic decline in hand and protect our province from what will inevitably become a e financial hardship through compounding loans which may in future, mergency relief for an amount of \$1m to cover the TRFU operating release of funds outside of its charity mandate to assist. In summary, entral and local government, the key economic beneficiaries, and the gth. This is not a time for red tape or rules rhetoric - we need to think this could be split; Example: PGF \$15m one off Targeted rates \$15m one off. This would then allow a debt facility to be managed within operational appeal.

412	Jeff Ward	1		1		Consultation Process Biased. Nowhere on the online consultation form is a provision for ANY OTHER (Tick box) suggestion. A " have been provided. Nowhere within the Annual Plan/ consultation, nor Council media statements, is the \$36 million needed clearly mentioned. It has taken scrutiny of plans by Mr Hugh Barnes to expose that through media, in a very restricted timefra were ever told this, or maybe their blinkered bias in favour of rugby, caused them to brush that sensible alternative aside. It a on that alternative either. Clearly, 'Option One' is not a serious choice, being a retrograde step back to the old Rugby Park, an are serious money gobblers and some just dreaming. Only centres of very large populations can expect to fund expensive stat. Stadium does not need any more seating. It already has twice as many covered stand seats than is required, but ratepayers ar overbuild. That is due to increasing televised/streamed live events, and the multiplicity of alternative entertainment options a with even major sporting events failing to fill more than a quarter of seats available. In Rugby's case, there are far too manyn major summer sporting codes events. Patrons of Rugby are choosing to watch world -wide rugby on electronic media, or go t bigger revenue earner for the sport than attendance at stadiums will ever be. In a way it is a pity that an earthquake did not to an insurance pay-out and a RATIONAL and realistic choice would then have been possible, by NOT to rebuilding for 8000 cove Benefits from the extra \$19 Million Upgrade? Whilst public support from the whole of Taranaki rating base was agreed in 200 sports & entertainment venue, the subsequent upgrades for a Rugby World Cup (a "once in a generation" happening), the pr areas, added seating, proposed gymnasium, no2 ground improvements with upgraded lighting, extended sealing of car parkin and the provise seating of the cost of bringing the original stadium & facilities up to a standard that complies with t refuse to levy their ratepayer's for any ex

415	Lloyd & Jo Morgan	1	1		Thank you for the opportunity to submit re the Yarrow Stadium repair options. Yarrow Stadium should be reinstated to a vial reviewed, perhaps by a group of local engineers, to perhaps find a more cost effective solution. There is significant expertise does not appear to have been consulted Yarrow Stadium is a regional asset and contributes to the general wellbeing of the perpowering act allows TRC to support the facility, but it would be a gross exaggeration to see the role including driving econ repair. Of significant concern is the lack of transparency and the paucity of information supplied when outlining the proposal level of scrutiny, particularly when the financial implications were identified. Developing a sports facility into a social/convent for public support. The high cost of the repair/upgrade would inevitably result in ratepayer backlash, probably unwittingly or regions sports facilities has been completed recently, and some codes are seriously compromised by a lack of basic amenities albeit popular sports requirements, yet potentially compromises many others. Developing an asset with a wider potential rate more satisfactory outcome. The economic report supplied highlights the historic significance of the stadium but fails to acknow the modern era. The financial performance of many single code use stadiums nationally is poor, and exacerbated for many lo This project is flawed in both scope and scale, despite the need and general acceptance to see the stadium returned to useas deceitful use of ratepayer funds and legislative process. Would it not be prudent to have some form of insurance cover for the been investigation of potential cost recovery/ damages from the designer, contractor(s) or the certification thereof. Thank you for the stadium of potential cost recovery/ damages from the designer, contractor(s) or the certification thereof. Thank you for the stadium of potential cost recovery/ damages from the designer, contractor(s) or the certification thereof.
416	Julie Parkinson	1	1		We need a regional stadium to host events in this province. Yarrow Stadium is the logical solution. Get started ASAP.

oods and services within Taranaki province. TARANAKI ECONOMY ne magnitude of multiplier effect applies to both economies outside or . RATES for yr 2019-20 per Long Term (LTP) = \$10.532 million Increase on Other Expenses in AP =\$0.267 m By Restricting Yarrow EQ repair to wers to \$67.40 per household NP Ratepayer Target Rate lowers to at least 25 years (SAVINGS IN RATES totalling over \$\$29 million). nening, ratepayers will be paying into the future for as long as the nual dividend projected into the future is expected to be \$8 million ogs to China. Both of these major income earners are scheduled to ning) and forestry, due to unavailability of harvestable trees. A ernative cost 'cutting savings' will focus on "non-core" regional non-core function projects (e.g. capital extensions at Yarrow is now incapable of meeting international and national cricket venue) cant host huge VISITOR ATTRACTING crowds (exceeding my. By going beyond its original mandate and actually channelling des/lighting/ administration offices at nil or little cost, is it any provide for those sorts of necessary facilities which they own, often upported from Regional Council funds. Otherwise expect a visit from ding support) for "home grown" (natural or artificial) attractions that n that as the GDP/trickle-down effect is far greater. FINANCIAL il's investment in Taranaki Stadium Trust (TST) as it has to for Council -up as an asset (debt owing by TST to TRC) and as a liability (loan after writing off \$15.5 million impairment value relating to the borrowings, except for grants/ratepayer contributions from TRC. All as an asset is dishonest. There is no prospect of the "loan" being e land). I will be seeking a comment from the Auditor-General in that Incil employee and one elected Councillor). The TST financial report purchase vet more assets for the Stadium. With no source of income f the already \$55m proposed stadium "loan". By creating this not part of any Annual Plan presented to ratepayers and doesn't separation of control, the TST's borrowing will not count as why there is any need for TST, as in reality TRC owns the assets and incil's share of the above, when the leaseholders pay to freehold their ractical and grossly overstated. Offsetting the above is Expenditure nmittees but in the thousands, not millions! Incidentally, since the Govt Act this requires more specific and meaningful disclosure within missions.

TRC has chosen not to suggest. These are: a) demolish the stands ne need or necessity to update facilities \$23m. The SVC preference is

The other options are: a) demolish the stands and build a new stand pupdate facilities \$23m. I personally prefer option a).

viable working condition. However the proposed repair should be se over a range of this project scope available within the region that he province, but it is not the only facility that does so. The conomic activity which appears to be part of the justification of the sal. This has resulted in heightened concern, and justifiably higher ention centre with ratepayer funding would appear an unlikely option of many of the regions remaining sports codes. A review of the ties, yet this proposal appeases a professional, in some ways elitist, range of users, as the original proposal was marketed would be a knowledge the declining support for much of our traditional codes in y located in residential areas due to the lack of flexibility available. eable condition. I would stress that this is an inappropriate, or even r the stadium, or business interruption. More importantly has there k you for considering this submission.

484	Fairclough Selwyn Watkins	1		1			Thank you for the opportunity to respond to eight redevelopment options. We can do better than this. Except for infrequent e Worse , the current Stadium is in the wrong place. The Berl Report forms the basis of all assumptions The Berl Report attempts suspicious because they run the risk of being self-serving. That is they can be written to support the sponsors view. Berl has prothem for utilising the entertainment areas. No matter how these are presented the intention to increase community use has a hope an outside funding partner can be found. This option is looking for an extra 14 million dollars. This submission does not su attendance of around one million over the 15 year period between 2003 and 2017,on average that's 5,500 per month. This fig includes major events such as the Rugby World Cup, All Black tests and so forth. Further , it includes other sporting codes and 'within or outside Taranaki this attendance could have been higher no matter where in New Plymouth the stadium is situated. I redesign. Like most stadia Yarrow Stadium remains underused for most of the year. It is hard to get a sense of excitement and a stadium capable of seating fifteen to twenty five thousand. From experience most games or events have even fewer attende would serve Taranaki better. The proposed idea of 'build it and they will come' is a dangerous notion. Such ideas fail to take int facility once the first wave of excitement is over. Running a year-by-year campaign to bolster use has not been factored into the New Plymouth District Council will be liable for the greater proportion of these insidious expenses. Any new stadium must not. The old adage of 'Rugby, Racing and Beer' no longer cuts it. The world of sport and entertainment has changed. Participat look for handouts and community support; support that's no longer there. The music has changed and so have the drinks. Diffe expense of the traditional. In particular contact sports are in decline ,even though rule changes have attempted to make sport constraining factor; d

515	Te Runanga o Ngati Ruanui Trust				Te Runanga o Ngati Ruanui Trust (Ngati Ruanui) welcomes the opportunity to make a submission on the Regional Council's 20 changes that have been made over the years in respect of annual and long-term planning frameworks and in particular the se Maori", Ngati Ruanui appreciates the on-going recognition of Maori, iwi and Hapu as a key to making planning documents ince respect of 2019/202 Annual Plan Ngati Ruanui makes the following comments: 1. Overall we support the section entitled "We initiatives of working together with the Council in our Kaitiaki role. We continue to note the leading way in which this section relationship between Council and Maori a strong platform. 2. Ngati Ruanui considers that there needs to a be a stronger inter environment; we recommend that the last bullet point under "Resource Consents process" pages 14 and 15 reads as follows resource consent monitoring " 3. Ngati Ruanui actively supports Mana Whakahono a Rohe Relationships. We note that the relationships are not exclusively singular and each iwi of the region may choose to have an individual relationship. We note that relationships are not exclusively singular and each iwi of the region may choose to have an individual relationship with the Corpage 15 react as follows: "The Council will work with iwi to develop Mana Whakahono relationship agreements regarding iw resource consents". 4. Ensuring active Maori representation on the Council is important to Ngati Ruanui. In this respect the so following: "Meet with Maori and involve them in the need for establishing a Maori constituency or constituencies under the Mangement, asset out on pages 20to 24 do not include any measure that allow the incorporation Matauranga Maori assess indicators and most importantly Fresh Water. Ngati Ruanui considers that it is timely that there is inclusion of iwi/hapu based western based models for measuring the condition of our environment. We would offer discussion with the Council officers provording to incorporate Matauranga Maori assessments in the
516	Sonia Thomas	1	1		The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of resider Facility Strategy. I support that a repair of some scale needs to be undertaken but do not feel that \$55 million should be sper community. I believe that the set-up of the Stadium in the Nelson/Tasman district is a model that our Regional Council should which is of a similar size. Nelson still gets to host the 'big' games of Rugby despite having a more basic set up so why can't we a more equitable approach to facility improvements and funding across all sports.
517	Sport Taranaki	1	1		Organisation Overview. Sport Taranaki is one of 14 Regional Sports Trusts throughout New Zealand. Sport Taranaki is a registe Taranaki'. Sport Taranaki has been a local leader in the sport and recreation sector for over 25 years and for the past 10 years at Yarrow Stadium. Sport Taranaki serves a population of over 120,000 across three districts, one regional council, one distric organisations, and over 500 sport and recreation clubs. Sport Taranaki straddles the same area boundaries as the Taranaki Re around 'Improving Lifestyles'. For Sport Taranaki a significant part of our core business is working with clubs, Regional Sports environments that enable our communities to have positive physical activity, sport, and recreation experiences throughout lii codes and understand many of the issues they face in terms of facilities but also with respect to their utilisation of Yarrow Sta Interests in Yarrow Stadium Sport Taranaki are committed to the objectives of the Sport NZ Facility Framework. The Framework development, smart investment, and a network of facilities that are fit for purpose, well utilised, accessible, sustainable, and Taranaki has been integral to the development and implementation of the Taranaki Regional Sport and Recreation Facility Ap Project Group with assistance from external consultants – Global Leisure Group. The strategy development process included and facilities. The Approach is intended to provide a framework to guide regional and district provision, collaborative planning includes an inventory of existing facilities, an analysis of the gap between the current provision and future needs of 42 sports establishment of a facility hierarchy for the region, and a prioritised list of recommendations for facility development and rati within certain codes as well as gaps in provision, particularly in New Plymouth. It highlighted that New Plymouth is where der changes are to develop a strategic region-wide view of the facility network and to identify priorities for future facelity p

2019/2020 Annual Plan. Ngati Ruanui acknowledges the significant sections of the these plans which relate to "Working Together with nclusive and a means to strengthen partnership relationships. In Norking Together with Maori". This section continues to build on our on is placed at the front end of the plan; making the enduring ent for active involvement of Maori in the monitoring of our 's "give full and meaningfully input of Maori in the participation of the Resource Management Act 1991(RMA). We note that the t by way of explanation under Section 58(O) of the RMA such Council. In this respect Ngati Ruanui recommends this section on wi input into resource management policy development and e section on representation, page15, is weak and we recommend the e Local Electoral Act 2001". 5. The level of service, Resource ssments as a basis for measuring the health of various environmental ed tools and frame works which would assist the more conventional s prior to any hearing on the Annual Plan where we could agree on otes the measures and commentary on a predator free Taranaki, this ounding the Maunga. Overall Ngati Ruanui is concerned with the ticular in pest control surrounding and within the Maunga ordinated action in the control of pests are required now. Ngati or the Council. The Council will need to be ready for potential

ents to be active every week as identified in the Regional Sports ent, especially when it is to the detriment of all other sports in our uld follow. The scale of their Stadium is appropriate for our region we follow their example? I feel that there is a much greater need for

stered charitable trust with a vision for creating an 'Active Healthy

ars has been located in a building to the south-east of the East Stand ict health board, 94 schools, 35 regional sport and recreation Regional Council and both organisations have aligned objectives ts Organisations, Councils, facilities, and community groups to create life. Because of this we have close relationships with many sports tadium in the past, present, and into the future. Sport Taranaki's work Outcomes include strategic decision making around facility d future proofed. As a key delivery partner for Sport NZ, Sport Approach. The Approach was developed by a Regional Stakeholder d an extensive document review and consultation with sports codes ing, and investment. The documentation that informed the Approach ts, identification of future investment requirements, and ationalisation. Overprovision was identified in some districts and emand for more provision from population growth and population er range of activities and users. The key objectives of the Approach espond to the changing landscape of sport. The community sport facilities, changing community demographics and participation of the hierarchy of facilities, as well as the risks of responding to e heart of Yarrow Stadium, however the current proposal and nts, and proposed increased 'community use' all of which are of ect as it would be to all sports facility proposals. The Approach was the original Stakeholder Project Group – New Plymouth, Stratford, ped a process for reviewing and assessing facility projects (including making recommendations to funders and improving collaborative sations for facility improvements, maintenance, or development. le, and our network of sports facilities particularly for high hquake risks that have been identified and your concerted efforts to aranaki Regional Council reconsiders the proposed options and clude a permanent capacity of 20,000+; Sport Taranaki does not ed is for All Blacks matches once every 3 years and a NPC semi-final in ithin the region if transportable. The Regional Sport and Recreation ational level facilities for major sporting events it is not supported in e scale of solution must be considered in light of the following: • on, current use restrictions • Yarrow Stadium must be considered ning spectator trends across the country • Declining rugby

# Name	District		Yarrow Stadium Options	LGFA	Comments
	NP S ST O	1 2	3 4 5 6 7 8	OY N	participation trends nationally • The changing nature of sport participation and move towards modified sports and informal participation • The NZ Rugby Union's inability to provide certainty over All Blacks fixtures in the regions and the cost to bring such fixtures to Taranaki compared to the benefits of hosting other sporting fixtures (i.e. national secondary schools tournament week) • The impact of a substantial rates increase on our aging population and on our District Council's ability to increase rates for priority sport and community projects Sport Taranaki supports reinstating the function of Yarrow Stadium with the least impact on ratepayers as suitable to service the majority of its Stadium-related events (5,000 – 10,000 spectators). And while we appreciate that additional revenue can be generated through expanding corporate functionality we do not believe that this the main purpose of the Stadium or a priority for ratepayers. Sport Taranaki does not support the funding of sport-related enhancements via this proposed model and asks that these either continue to be accounted for under the existing Asset Management Plan or are considered within the priorities and process of the Regional Sport and Recreation Facility Approach. In terms of rugby, some key challenges have been identified that were common amongst a number of sport codes and included access to a regional training venue (including an artificial floodlit turf for representative and some club players), improved field quality and drainage, a large multi-field venue, training lights, and the ongoing maintenance of clubrooms and changing facilities which highlights why these activities should be considered as part of a collaborative planning process. Sport Taranaki recommends that Regional Council further investigates the empowering legislation as an opportunity to broaden the scoep of its powers beyond Rugby Park so that any future or additional rate takings could be considered for targeted regional sport and recreation facility investment. This

525 Jarrad Hoeata	1	1			Many thanks for the opportunity to comment on your draft 2019/2020 Annual Plan, specifically relative to the opportunity for this region to again host international events in a world class stadium. I acknowledge some of my perceived conflicts - The stadium bears my wife Rosemary's maiden name. The west stand carries the name of Rosemary's parents (Noel & Melva Yarrow Stand) I sit on the TRFU Rosemary and I have connections (as members, sponsors, trustees, and patrons) with a significant number of local organisations. Rosemary and I om The Devon Hotel. We are responsible for total annual rates payments in the six figures, spread over a number of properties- each will attract a targeted fixed annual charge should this proceed. I would like to congratulate you all on your leadershipl For the region to retain and attract people (and investment), it is critical we are seen as a great place to live, to work, and to raise a family. Having a world class stadium, is a vital part of that mix. We need to be perceived to have it all. And that list is exhaustive. It includes a continually enhanced and valued environment we are all proud of, parks, galleries, walkways, education, safety, opportunities for our young people to become the best that they can be, support and opportunities for the elderly and for our most vulnerable the list goes on and on - a region that is truly like no other. Time and time again, it is you all (and the Taranaki Regional Council), that have stepped up Again, I thank you. Never the lees, as a region we need to think bigger. I accept the premise that the contribution from the ratepayer purse (through the TRC) should be capped at 555M. BUT I truly believe we can and should do better. What was an appropriate and world class stadium 20 years ago, is not so now. Yes, I'd love to see the Stadium up and available as soon as possible, but I also believe as a region we have a unique opportunity to think (and develop) a stadium for the next 20 years. It's an opportunity, that will intor crune again in
