

Hollard Gardens

tread the soils

VISITOR GUIDE

There are two marked trails to follow:

Bernie's
Trail ————— approx. 30min

Bernie's Trail takes you right around Hollard Gardens and includes the Swamp which provides a spectacular display of bog plants in the spring.

Rose's
Trail ————— approx. 20 min

Rose's Trail is a shorter stroll that explores the maturing New Garden and the intimacy of the Old Garden.

During these walks you will experience many interesting and beautiful plants. You will also learn about the history of the Gardens and the early days of farming. Visitors are encouraged to explore and experience other paths and walkways that link the two marked trails.

The trails are of interest at any time of the year. There are shelters, seats and lookout points throughout the property.

Family Corner

Enjoy the Family Corner's free barbecues, picnic tables and playground set among mature trees.

Bernie's Home Garden and Food Forest

These two areas demonstrate food growing principles and are venues for our garden workshops

Open all day, every day
Free entry
